In looking to the future and choosing to support a healthy lifestyle for our children, we support local businesses and produce suppliers as much as possible in an attempt to reduce our carbon footprint.

Our steaks come from Glencoe Angus grass fed cattle and our pork (double smoked ham and bacon), fresh poultry and eggs are all free range – which means all our house made condiments use 'real' eggs too.

Our 'real milk' dairy products are from Paris Creek, a biodynamic farm in Meadows SA and all our own desserts and sweets are made in-house.

Sitting on the doorstep of one of the richest wine regions in the world means that 95% of our selected wines are from 'down the track' –thus reducing transportation requirements (and carbon dioxide emissions) and once again, supporting our local Aussie brethren, our very own amazing wine producers and growers.

'Cheers to all and we wish you all good health!'
