Seacliff Surf Life Saving Club Incorporated

Affiliated with Surf Life Saving Australia

91st Annual Report

For the season 2022_2023

To be presented at the Annual General Meeting – 9th July 2023

THE OBJECTIVES OF THE CLUB

1. To study and practice the methods of Surf Lifesaving as set down by Surf Life Saving Australia.
2. To minimise the loss of life from drownings by the use of life saving apparatus conforming to S.L.S.A. standards.
3. Promote demonstrations and arrange classes of instruction so as to bring about a widespread and thorough knowledge of the principles on natation and general further the best interests of surf bathing.
4. To appoint patrols to render aid to those in distress.
5. To promote social occasions for the enjoyment of its members and to generate income for the furtherance of life saving activities.

Office Bearers 2022_2023

Patron: Amanda Wilson - Mayor, Holdfast Bay

Vice Patron: David Speirs – Leader of the Opposition and SA Member for Black

Pool Competition Award	Taj Wallace-Ward
First Aid Award	Not awarded
The Oarsman Award	Josh Hudson
Best performed boat crew at State Titles	Keen Beans: Laura Boseley, Annabel Smith, Lauren Meyer, Brooke Chapman, Neve Goodrem, Ben Bedford (sweep)

President's Report 2022/2023

As we celebrate another season of outstanding achievements, I am proud to present the annual report to members of the Seacliff SLSC and the broader community, including sponsors and supporters.

I want to thank the patrolling members who have contributed over 5,900 hours during season 22/23 ensuring the beach goes and community who use Seacliff beach are safe. Patrolling the beach is our core business and committing the time to patrolling Seacliff beach and providing water cover at the many other events Seacliff supports (including the BJC, Atlantis swims and carnival water cover), is very much appreciated. Hayley took on the role of Vice Captain Patrols and did an outstanding job with the rostering, communication and ongoing support of the patrol team, well assisted by some of our experienced and enthusiastic patrol captains.

I also extend that thanks to all the members, sponsors and stakeholders for the continued engagement of Seacliff SLSC in the many diverse ways that people contribute to the various areas around the club and activities.

To the Management team, trainers and instructors, sub committees, coaches & AGLs, the many hours of voluntary time that people contribute is outstanding and valued by the community and our Club, ensuring we can meet our obligations and can provide the resources to deliver safe and successful programs this season and into the future. So many people contribute so much time behind the scenes to ensuring the Club runs at such a high functioning level and we can provide opportunities for our members to be part of the life saving movement.

Our members couldn't undertake their patrols without being proficient or having the training and skills required. It worked well to run the dry proficiencies in September for the instruction and training team and the patrol members. Derek and the well qualified team of trainers continued to support more proficiencies, training new squads of Bronze, IRB crew and SRC's and their contribution and commitment is an asset, ensuring our current and new members were ready and confident for the season.

Seacliff is committed to providing a safe and inclusive environment and it is fantastic to roll out the new beach access mat to facilitate beach access for the entire community. Our members are always enthusiastic to support and assist everyone onto the beach, something we should all be very proud of. It really is inspiring to see the enjoyment of people using the mobi-chairs in the water, getting onto the beach using the mat and our patrol members helping out & assisting.

We faced a real challenge early in the season, with a shark incident involving one of our members during an event. It served as a reminder to the relevance of our training and the environment we enjoy. The opportunity to provide some information and reassure our members, particularly to our juniors, was well received and well organised, thanks to Derek and Matt with the support of the AGLs and coaches. Thanks to the support of the SLSSA team and other members in managing the incident.

In the Bistro Tara and Jenna stepped up and with the support of Suzie, the Business Liaison Officer and Gareth from a financial perspective as well as the staff, the Bistro has been running well. It was a great summer with many Friday nights booked out and the addition of the DJ certainly added to the atmosphere. We also brought back the Friday night meat raffle which was very well received and is a great opportunity to talk to the community about the work being done at Seacliff SLSC. Well done to Suzie and the Bistro team for your input and time.

Our sponsorship team have been working hard to continue to build relationships and raise the profile of the club on various platforms. Glen continues to complete the applications for Grants and the funds raised have contributed to some long overdue new equipment. Our training and lifesaving resources have been refreshed and the new inclusive rescue boards are more great assets. It was great to install the new defib at the club and we are working towards installation at the tower with the support of our local community.

Phil, Heather, Derek, Hayley, Jacinta, Claire, Louise

Eli, Lewis

The social and fundraising team have worked hard to provide opportunities for members to support the Club and have some fun together. The Drag Bingo night, Ladies Day, assisting the Lions Club selling Christmas cakes and the People's Choice Raffle were well attended and great fundraisers for the Club. It takes a lot of time and effort so a huge thanks to Vicki and the team for all the work behind the scenes.

Gareth continues to ensure we are managing our finances and with the support of the Finance Subcommittee, we have been able to invest in many opportunities for our members including new equipment as well as some upgrades to the facilities including external painting.

The opportunity to present our Club at the SLSA Awards of Excellence with Derek & Sarah for the Club of the Year award was a great experience and opportunity to see our Club recognised as one of the top clubs in Australia. We didn't win but it was fantastic to support Hayley and Hannah who did win their categories. Seacliff did take out the Club of the Year - Medium Club award at the Clubs SA Clubs & Community Awards night in October. It was really nice to represent the members and for the Club to be recognised amongst a diverse group of SA clubs as well as raising the profile of Seacliff SLSC to the wider community.

Thanks to the Merchandise team for your support and commitment to ensuring our members have the best gear on the beach. Also need to mention a thanks to the people who volunteer at carnivals to take photos so we can all share the great memories and experiences.

Thanks goes to Kristie for communicating to the members, the sponsors and the public. With such a diverse membership it's not easy to meet everyone's needs and with so much information available it is easy to get fatigued by all the sources. Kristie continued to keep the information available, covered all the platforms and always kept the content fresh and fun.

To all of the coaches who give their time in all disciplines your support is outstanding and the Club values the ongoing commitment and the time you contribute to ensure Seacliff can continue to provide opportunities and pathways for all members to have some fun on the beach.

This season was a challenge and our members stepped up with loads of support and opportunities to test their skills and fitness. Sarah took on the role of Competition Coordinator, implementing some new processes to support the members and has provided lots of positive contribution to the management team to continue our competition squad moving forward.

Being able to offer our members opportunities to compete in all areas of lifesaving shows the depth and commitment of our members and is a reflection of the history and culture of the club. Well done to all the competitors who put their foot on the line, having the opportunity to test the rescue ready skills is important and our members certainly are ready and committed.

Paul has continued to support the Youth and has provided information, opportunities, and lots of fun training sessions for them, encouraging some new members during the season. The Youth is such an important area of SLS and we are keen to continue to nurture, empower and expose the opportunities to ensure retention and development in this area, great work Paul.

Seacliff was well represented at the Aussies. Whilst it was a smaller contingent that headed West, the facilities at Scarborough and Trigg Island were great and with competitors in Youth through to Masters, Seacliff was well represented and everyone enjoyed competing and testing their skills. Our Open competitors did well to make finals and enjoyed the opportunities to compete against some of Australia's best. Special mention to Bly, Paul, Angus and Chappy who drove the trailer to Perth and back.

The Juniors had another great season with good numbers at training every week and lots of AGLs supporting the kids to enjoy their experiences, learn about surf lifesaving and have fun. With some new members joining the Sub-committee and trialling some new processes, Matt, Arran and the team did a great job encouraging people to get involved and ensuring the nippers were enjoying their time on the beach learning to become the future patrol members of Seacliff.

Again Seacliff hosted several events, including a member's night to celebrate the back-to-back SLSSA Club of the Year award, our first Rainbow Beach Patrol, the annual Pink Patrol, 24 hour row and the team from SLSSA and Isuzu to do the advertising shoot, a great opportunity to showcase Seacliff SLSC and featuring Shauna, Josh, Keely, Elka, Ruth and lots of other members. Taking all the opportunities to develop and showcase our Club is fantastic and I'm grateful to everyone who assisted

In the role of Club Captain Bly continues to work hard to ensure all areas of the Club have support and has provided a lot of advice and resources in different areas. Bly works relentlessly around the Club and his passion for Seacliff is amazing. Bly and Vicki in the Sandy Feet Bar is a Saturday afternoon institution and it's great to have the area to interact and enjoy our beautiful location.

I would also like to thank the Silver Salties cleaning crew for the weekly clean of the downstairs area, an essential contribution to the Club that certainly doesn't go unnoticed. I'm continually inspired by the group as they keep growing and provide so much support, and the varied activities for the members. Particular thanks to Terry Keefe & Terry Crabb and the leadership group who meet regularly to ensure they are continuing to keep the group functioning, engaged and enjoying what they are offering.

Seacliff was well represented at the SLSSA Awards of Excellence 2022, with nominations in almost every category and the following members all finalists:

Youth Athlete of the year:	Keenan Gray, Katie Natt, Joe McKinnon
Young member of the year:	Sophie Scrivener
Youth Surf Life Saver of the year:	Hayley Hosking
Innovation of the year:	Growing Groms
Trainer of the year:	Hayley Hosking
Coach of the year:	Bly Bayliss
Official of the year:	Darryl Pope
Surf Sports Team of the year:	U19 Male Surf Team & Open Male Line Throw Team
Athlete of the year:	Xabian Cederblad
Volunteer of the year:	Jacinta Day
Surf Life Saver of the year:	Derek Bawden

There is no doubt Seacliff could not operate without the dedicated volunteers who contribute their time and passion to making sure we have a safe beach and opportunities for our members to participate in any area of their choosing. Volunteering for any role within the Club is valued and appreciated, we couldn't operate if people didn't do it. SLS provides so many diverse and exciting opportunities and I encourage everyone to get more involved, be part of the change and engage to get more out of your experience.

I would make a special mention and thank Tanya for the support and passion for the Club. Tanya contributes so many hours behind the scenes and her assistance and contribution has been outstanding. Ensuring our Club is compliant, we keep on top of the many requests, advising and ensuring our members have what they need to learn more about Seacliff and it's really appreciated to see her on the beach helping any way she can. Also to Glen. Your continued guidance, support and wise words constantly reminds me of how lucky we are. Our past has formulated the Club and I'm feeling confident the future is in good hands with so many amazing people contributing and engaging and being part of the growth and development is so very rewarding.

Management Team 2022/23

I am continually grateful for the support of the Management Team, for their leadership and commitment, striving towards progressing and innovating within our Club, ensuring we continue to provide excellence in aquatic safety services, in developing our members and further engaging with the local community and beach goers, as well as managing the Bistro.

To the Sub-committees, members and everyone who contributes, it's not always easy but it certainly is rewarding, I am constantly inspired by the people we attract and grateful for the contribution to how we operate as a Club.

Finally to my boys, John, Angus and Oli, I appreciate how you guys support me to spend the time contributing to the Club and community and always for your wise words, input and always the fun on the beach.

Looking forward to a busy, exciting and fun season 2023/24, lets rock this Seacliff SLSC.

See you all on the beach

Jacinta Day - President

Vice President's Report 2022/2023

Sponsorship & Grants Subcommittee

Gaining and retaining our valuable sponsorship relationships is an ongoing two-way street and it is vital that our members support in any way, the businesses that keep our lifesaving wheels turning. Post Covid life may be a little easier but there is still a lot of work to maintain a healthy, robust portfolio of 23 sponsors and 14 supporters. This season we have also made a conscious effort to align the timing of all sponsor's remittance at the start of the lifesaving season.

Major supporters

We are fortunate to have the continued support of **Idea Science** with Club member Arran McMillan providing that link. It was terrific to host CEO Peter Drum at the clubhouse this season and discuss how we operate as a Club and the outcomes of Idea Sciences support to our ever growing boat area led by Josh Charles. The *Idea Science* boat paid homage to our fallen at the Anzac commemoration at Brighton this year.

Now in its third season of support, we are grateful to **APS** (Australasian Power Solutions) for their magnificent input into our patrolling equipment, probably up to the best standard we have been able to maintain for many seasons.

SEACLIFF SLSC: PLATINUM SPONSORS

Australasian Power Solutions
Gareth Gray 0412857352

New PLATINUM SPONSOR

We recognise new Platinum sponsors SA power Networks (**SAPN**) Employee Foundation who supported our fund raising efforts by donating \$:\$ of funds raised at our 2022 and 2022 Ladies Day. Thanks to Brett Mannion and we hope this continues for our 2023 efforts.

The **Lions Club of Brighton** have been great supporters starting with a large contribution that got the Junior Trailer project over the line. Working with Alastair Spiers, Lions have contributed enormously to the lease arrangement with CMI Toyota for our 4wd vehicle that tows the gear to Aussies and elsewhere. The Juniors continue to operate the Christmas Cake Santa Drive every year thanks to the efforts and enthusiasm of Jeff Strachan and the Age Group Managers and the Seaclyff Nippers.

The **SAALC** continue to support us with membership offers that we can auction or use to raise funds. Tom and Ferne van der Jeugd of **Seaview Plumbing** are our longest serving sponsor – thanks! Mike Caddle, of **Caddle Crash Repair**, is also a long-term supporter, and remember they can be used after any unfortunate bingle, where a repairer is not dictated by your insurance company.

We thank Tony and Janelle Scrivener of **Hotel Grand Chancellor Adelaide** for sponsorship of the Junior Age Group Manager tops.

AED Project

With an unfortunate tragedy at Seacliff beach after hours this season, the need was recognised for 24-hour access to automated external defibrillators (AEDs). This initiative was driven by our Vice Captain of Patrols, Hayley Hosking, and with support of Member for Boothby, Louise Miller-Frost and Phil and Helen Kilsby of the **Seacliff Beach Hotel Social Club**, an AED has been fitted at the top of the clubhouse stairs and one will be fitted to the tower. We further received a Community Chest Grant from the **City of Holdfast Bay Council**, and

we thanked Seacliff Ward Councillor, Clare Lindop, for the purchase of training AED and oxygen equipment sourced by Derek Bawden. I would also like to acknowledge **Aurizon Community** for a Grant for 3 rescue boards.

Seacliff juniors supporting the Santa Xmas Cake run the last few seasons

Vice President Report - Recognition

We are a Good Sports club

Good Sports says “Congrats to Adelaide’s Seacliff Surf Life Saving Club, South Australia’s first **Good Sports Gold Medal** accredited surf lifesaving club. It’s no surprise that Seacliff has reached the highest level of accreditation. The club is committed to always being its best.”

Jacinta Day, the Club’s President, responded “What we can do better is what guides us. The club has benefited enormously from joining Good Sports and we urge other surf clubs to come on board. The Good Sports program has given us the resources to be a more family-friendly, inclusive Club including the responsible serving of alcohol, safe transport and supporting our Junior volunteers.” The club nominated for “Club of the Year”, “Volunteer of the Year” and “Community Club of the Year.”

Teenage Surf Life Saver, **Hayley Hosking**, was named *Young Citizen of the Year* for being a role model for young and female Surf Life Savers.

Joining the Seacliff Surf Life Saving Club when she was a child, the 19-year-old has progressed to become Vice-Captain of Patrols and volunteered more than 400 hours on Patrol in the 2021/22 Summer season.

In 2022, she was named Youth Life Saver of the Year at the Surf Life Saving Australia National Awards of Excellence.

“A champion for inclusion, Hayley is a key member of Seacliff’s ‘Beach for All’ subcommittee that assists members of the public, who may have physical or mental conditions, gain access to the beach on a beach mat or water wheelchairs,” Mayor Wilson said before Hayley received her award.

*Hayley Hosking receiving Young Citizen of the Year award from
City of Holdfast Bay Mayor, Amanda Wilson*

Hall of Fame

In October 2022, at the Adelaide Oval Magarey Room, Seacliff SLSC Life Member (2007), **Dwayne Thuys**, was inducted into the Sports SA Hall of Fame.

Dwayne joined Seacliff as Nipper in 1968/69 and obtained the Bronze Medallion in 1978. He was an inaugural member of the SLSSA Hall of Fame in 2016. Between 1981 and 1989, Dwayne won 9 consecutive SA Iron Man titles, and in 2005, competing for our Club's 75th year anniversary at 52 years of age, won Silver in the Iron Man.

In Open competition at the Australian Surf Life Saving Titles, Dwayne has won 14 medals, as 5 Gold, 5 Silver and 4 Bronze. His pinnacle came in 1985-6 when he won back-to-back Iron Man Gold medals at Point Leo, Victoria and Moana. This was after winning the 1984 World Championship Iron Man title in Hawaii. Dwayne states that besides the two Iron Man titles, his third proudest achievements was his only win in a round of the Uncle Toby's Series in howling wind and surf at Goolwa in 1997 at 34 years.

From 1984-87, Dwayne was in the Australian Representative Team competing in New Zealand, Hawaii and Australia. In 2006, Dwayne competed in the World Masters Championships in Lorne Beach, Victoria taking home two Gold medals and one Silver medal. Internationally recognised as an amazing surf athlete, we congratulate Dwayne, as the first Lifesaver, on his elevation, into the Sports SA, Hall of Fame.

Dwayne as a Seacliff SLSC nipper in 1973, and on a wave with Trevor Hendy at Wanda, NSW, in 1988.

community way of life!

CONGRATULATIONS SEACLIFF SURF LIFE SAVING CLUB

The 2022 Club of the Year – Medium winner, the Seacliff Surf Life Saving Club, demonstrated excellence in governance, a strong focus in Member and Community engagement and excellent plans for the future.

This highly ambitious and already award-winning Club in their own field, this year they can now add Clubs SA Club of the Year to their trophy wall.

SLSSA Awards of Excellence 2022

Seacliff SLSC, winners “SLSSA Club of the Year” 2022

Seacliff SLSC members, Hayley Hosking winner, “SLSSA Youth of the Year”, Tom May, winner “SLSSA Athlete of the Year”, and Club President, Jacinta Day at a Government House reception with state MPs the Hon. Joe Szakacs Minister for Police, Emergency Services and Correctional Services, the Hon Ms Hildyard, Minister for Child Protection, Women and the Prevention of Domestic Violence, and Recreation, Sport and Racing, and the Hon David Speirs, Leader of the Opposition.

Looking for sponsors for the Junior trailer – can you help?

Sub-committee

I would like to acknowledge the work of the Sponsorship and Grants subcommittee members. Thanks to **Gareth Gray** for all the invoicing and working with Phil Kern of *Kern Wi-Fi*; **Bly Bayliss** for the hook up with *Ultimate Wash*, Brighton, for cleaning the Toyota 4WD ute; **Matt Salier** with his work with the Juniors including *Weekends Surf Co.*; **Jeff Strachan** for the Website; and **Kristie Meier** for the Newsletter. **Jeff and Hayley** are also working on the TV display. Thanks to **Deb Jamieson** for sourcing networks and **Vic Gregory** also of the Social Subcommittee for excellent teamwork and fundraising such as Ladies Day and the Drag Bingo, generally speaking.

David Frederick Earl, OAM

Seacliff SLSC member, David Earl, has received the Medal of the Order of Australia (OAM) for service to surf lifesaving, and to Karting in the June, 2023 King's Birthday Honours announcements. David has been a surf lifesaver since the 80s at Hallett Cove, Somerton, Seacliff, and Whyalla and may be best known over the last decade as the SLSSA Gear Steward attending all State senior and junior carnivals, IRB and lifesaving carnivals all over SA. David has also officiated for more than 40 years and is a former Australian Titles First Aid Referee and a current Lifesaving Area Liaison Officer. At a State level, David has been a Surf Sports Manager, Deputy Superintendent, Director of Lifesaving, Education Officer and long serving IRB Referee. David is a Life Member and Hall of Fame Member of SLSSA. David is also a life member of Australian Independent Dirt Kart Association where he was president from 2004-2012.

Dr Glen Patten OAM- Vice President

Captain's Report 2022/2023

What a great, great year for us at Seacliff.

This season has been one of our most successful, especially in the areas of competition. It was fantastic to see us win three State titles in a row. A special mention must go to our Taplin teams who all won their respective events. This included the Open male and female, mixed Open and Under 19. This shows the depth and strength within our club and highlights for us our Youth and the importance of us encouraging and retaining them as they go through the ranks.

This season, Seacliff again has been instrumental within the State to ensure that carnivals are run and we have always been mindful and volunteered to host if and when there are gaps within the surf carnival programme.

It's always great to come back to the Club member's bar after Junior training each Saturday and see such a mix of members socialising together. Matt as Junior Chairperson has worked alongside his Sub-committee, to ensure the smooth running of all things Junior related on Saturdays. Mid-week trainings have ensured all Nippers have a variety of times to train and to improve. Great work Seacliff Juniors.

Downstairs, in the member's bar, has seen a vibrant and relaxed atmosphere with a steady turnover of patronage throughout Saturday afternoons and special events. Thanks to those who have assisted each week, by helping Vic behind the bar, as sometimes I've been still tied up on the beach with the Youth and Seniors or at the Surf Race. A very special thankyou to Vic, who has worked tirelessly every Saturday throughout the season serving behind the bar. Each week she and I spend a good part of Thursday night assessing the needs of our patrons and purchasing and stocking the bar so it's ready for the weekend. Thankyou also to the Silver Salties, who have helped clean and take on some extra tasks to make sure our member's area is in tip top shape. The Silver Salties have been wonderful helping out.

Our Secretary this year, Tanya has done an outstanding job this season, attending to all things Club related. The role of Secretary is highly complex and time consuming, but it's been completed meticulously and with great efficiency. Our Secretary's communication throughout all areas has ensured all members are always up to speed with information they need to know, relating to their particular areas. Each year this role becomes more complex with a seemingly never-ending paper trail. Thank you to Tanya for your efforts over the season.

Our competition areas are continually improving, and this year's achievements have been a reflection of our dedicated and committed coaches and Coaching Coordinator. A huge thanks to all coaches in their respective areas, for the time and commitment they always put in to ensure athletes and competitors compete and achieve to their full potential. Thankyou also to Murray who was our fantastic Coaching Coordinator.

Thank you to Gareth who has continued to keep a tight rein on all things finance related. The role of Treasurer is vital to our financial success and it's getting more complex each year. We really hope Gareth continues in this role, as he does an incredible job.

Hayley as Vice-Captain of Patrols, has been diligent, thorough and ensured that we as a Club, have committed to and fulfilled our patrol obligations. She has initiated some new procedures that have been successful and has worked endless hours to make sure all areas of patrols are completed. Seacliff is often asked to provide extra water cover at events and Hayley has always been able to fulfil this request from State Centre. Thanks Hayley and your Sub-committee, for all your hard work in this role.

Thank you also must go to Pete Taylor and his team for all his efforts in the area of IRBs. Pete's new this season and has taken on this role with great enthusiasm. Derek Bawden has stepped into the role of Chief Instructor and has changed some processes which have made an easy and smooth process for all in gaining their proficiencies. He has also streamlined the way in which awards are gained within the Club. As Captain I have had great feedback about this and want to recognise Derek's dedication in this area.

Travelling interstate this season for a series of competitions has been a fabulous opportunity to stretch our competitors and enable them to compete with the best athletes in the country. Towing the gear trailer to WA with Paul, Gus and Chappy was long, very long. It's always comforting to know someone is helping me stay awake, pour me coffee and remain focussed!

At the competition our Club was highly represented and competed well. Seacliff was mentioned many times and we are certainly very well known. Our Youth and Open competitors were fantastic.

Coolangatta was another long road trip where our Seacliff clubbies competed in the Coolangatta Gold, which is a well-known carnival open to all water events. The club had great representation and some fabulous results. Our Club did well under tough conditions.

As coach of the SA REDS and the Head coach of the Senior State team, alongside many Seacliff members we travelled to Maroubra for the interstate competition. Finishing 4th overall was an excellent result. Many of the SA Reds were Seacliff members. Lastly our Aussies trip to WA was another excellent opportunity for Youth, Open and Masters to get together and compete in all disciplines of surf lifesaving.

The Seacliff Surf Academy continued to gain momentum and seek and secure many sponsors to help our programme, which helps athletes to travel and compete with the best in the country. Our aim next season is to assist athletes with the Coolangatta Gold, The Murphy Builders carnival in Maroochydore, together with some carnivals in Victoria.

As I have said previously in this report, there are several vital roles available on our leadership team through Management. I'm hoping that some Club members will put their hands up for these positions, as it's so important to have a strong leadership team as we have had over this season. Being THE most successful club in SA doesn't just happen. It's built up over the years and encouraged by leadership in many ways. Seacliff has proved that it has strong leaders and a consistently focussed management team, who have made hard decisions for the betterment of the whole Club. I want to congratulate all management on their tireless efforts and sometimes unnoticed achievements throughout the season and for all their strong decision making, even if not always popular. Thanks to all of the management and sub committees for your outstanding, consistent contributions.

The State awards and recognition dinner coming up in late June will see Seacliff being represented across many fields. We should bring home some of the awards from that evening.

It's great to come down to the Club every day as I do, and see all those faces who, as a team, make up SEACLIFF SLSC. I'm very proud to be your Captain.

Thank you to everyone who has supported me, believed in me and made my job a little easier. I am Club Captain currently and have been Club Captain over the years, with my main focus always being to ensure that our proud history and successful ways of managing our Club continue that way. I am passionate about maintaining our proud ways and will support those like-minded members who we have here at Seacliff. My longevity within the Club spans well over 50 years now and I have always been an active, passionate Club member, each and every one of those years.

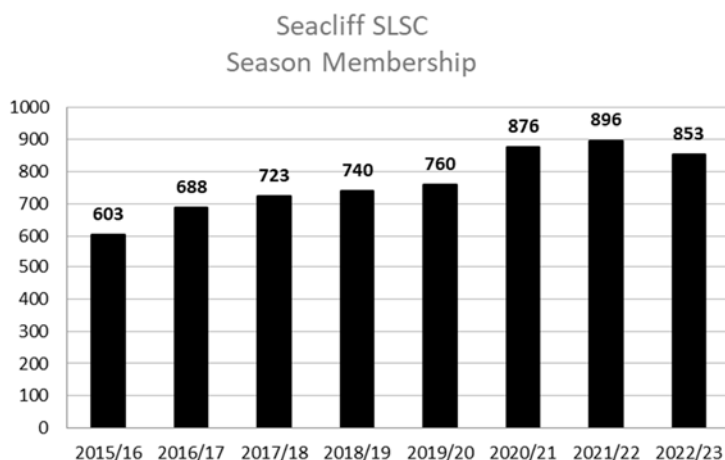

What a fantastic Club we have grown.

Your Club Captain - Bly Bayliss

Secretary Report 2022/2023

Memberships

This season we saw a decrease in memberships, moving from 896 in season 2021_2022 to 853 in season 2022_2023. We have also seen a slight shift in the gender equity in memberships.

	Females	Males
Juniors (5-12 years)	128	143
Cadet (13-14 years)	11	18
Active (15-18 years)	15	12
Active (18 years & over)	74	90
Associate	130	73
Community	55	60
Long Service	3	8
Life Member	5	28
Total Members	421	432

- We had 278 members who did not renew this season. A decrease from last season (289).
- We had 193 new members compared to 236 last season.
- Once again it was nice to see members returning (19).
- The figure for Transfer Out has increased this season.
- Excluding Community memberships we saw a 70% retention rate and 23% growth.

	Renewed	New	Returning	Transfer In	Didn't renew	Transfer Out
Juniors (5-12 years)	172	93	3	3	94	3
Cadet (13-14 years)	25	3		1	6	1
Active (15-18 yrs)	25	1	1		7	2
Active (18yrs & over)	154	3	3	4	31	2
Community	71	30	11	3	42	
Associate	132	63	1	7	98	1
Long Service	11					
Life member	33					
Total	623	193	19	18	278	9

Working with Children Checks and National Police Clearances

This season 91% of our members over the age of 14 had a current wwcc listed in SurfGuard. All of our volunteers in prescribed positions, including our coaches and photographers, were also covered with a National Police Clearance. SLSC is putting a lot more emphasis on member protection in season 2023_2024 so expect to see our Club communicating policy information more regularly.

Government Sports Vouchers

74 x \$100 Government Sports Vouchers were redeemed this season, up from 72 last season. In 2023 the Government is again including years 8 and 9 in this program and their portal has been revamped to lessen the administration burden on clubs, which is great.

This year saw Seacliff SLSC sign up to the Sport SA Mental Fitness Charter. This commitment will improve our knowledge and understanding of and about mental illness. More to come in season 2023_2024.

A highlight of our hugely successful season 2022_2023 Open Day was the naming of the new Boats.

Once again, the Ron Brooks Memorial Swim held on the 7th of Jan, was a huge success. 65 swimmers (from all age groups), 95 brekkies and many special coffees were served. This years participation trophy was won by Jo Goulder. Special thanks to all of the water cover and volunteers, the event could not be held without you.

And the Senior States would not have been the same without the 'weather rock'.
Thanks for the laughs you lot.

When everybody said they couldn't help us, the Seacliff Surf Life Saving Club would like to thank Phil Kern and all the team at Kern Wi-Fi for their generous support this season and kind donation towards getting the club NBN internet. With their support the club has been able to roll out commercial grade wi-fi with mobile redundant backup to all its customers and members. Thankyou Phil and the whole team at KernWi-Fi.

For all your internet and NBN needs, both business and residential give those who support us a chance to provide your internet solution.

Tanya Evans - Secretary

Member's Representative 2022/2023

Social and Fundraising Committee

It's always extremely hard to believe how quickly time flies and how much we all do throughout a season here at Seacliff. Being part of this fabulous Club for decades now, has enabled me to witness the greatest club in S.A. work together and achieve amazing things. It's clearly evident, that we have one thing in common, a community who loves Seacliff and loves the beach. My role is varied and encompasses many facets, but also allows me to work on a volunteer basis to give back to our community, in so many ways. I believe that this is the heart and soul for our Club. It's not about what we get from our roles, but what we can give within our roles. Giving within a community for no other reason than that, encompasses a true Club member spirit. Here is a brief outline of what we as a committee and as Member's Rep have achieved this season.

Volunteer bar and bistro helpers

This season we have had another great group of dedicated members who volunteered on a regular basis serving meals, doing dishes, waiting on tables and working behind the bar. Many of this valuable group work all day as part of their paid career and then come straight to the Club to work a further three or four hours, as part of the volunteer roster. We need to be mindful of volunteer burnout and if you've never helped in this area and would like to try, please let me know and we can make it happen next season. When I do the roster, I always try hard to cater for people's preferences and dates, so don't be afraid to try something new and get on board. It was fantastic to welcome several volunteers who were new to the club and loved being part of the volunteer bar and bistro team. A huge thankyou to the rostered volunteers who work tirelessly to offset the cost for our Club of paying wages for bar and bistro staff. You are all very valuable assets.

Saturday afternoon member's bar

Every Saturday from around 3 pm our Member's Bar is open for anyone who wants to come back, have a chat, grab a snag and a cold drink. It's a very important ritual for many and one that members look forward to each week. Stocking, replenishing and serving behind the bar, takes a great deal of effort and time, just to ensure that we are catering for as many members as we can. Our prices have remained as low as they can, and we still manage to raise thousands of dollars each year. Again, thank you to those members who patronise this hugely important area of our Club. We love our Saturday afternoons.

People's Choice Community Lottery

Once again, we ran the PCCU lottery online, as one of our major fundraisers. It was still an enormous amount of work for our committee, but we eventually reached and surpassed our target from the previous year. Last season we raised \$9,200 but this season we managed to raise \$10,290 for our Club. Again, a massive thanks to everyone who supported this whole Club fundraiser by buying, selling, sharing the link, inviting others and generally promoting the sales. A special thankyou to our hardworking social and fundraising team, who assisted many members and friends, to buy their online tickets, especially on Thursdays, Thursday and Friday nights, as well as over the weekend down at the Member's bar and in the bistro. This year we also secured a spot at Marion shopping centre which helped a great deal too. This was a huge team effort. Well done and thankyou to you all.

Boardies BBQ

Boardies Day at Seacliff was celebrated during Saturday afternoon Nipper's training and then again back at the member's bar, after Nippers. To celebrate and promote Boardies Day, as part of this National life saving initiative, we dressed up and acknowledged those who volunteer for our great association. Well done to everyone who took part in Boardies Day.

Ladies day

Following the success from last year, we decided to run this event again, just prior to May and in time for Mother's Day. We had 17 stalls selling or promoting local small businesses with crafts, food, artwork, fashion, beauty, homewares and general fun. We had a fashion parade, raffles, silent auction, grazing table, complimentary bubbles and a lively atmosphere where dozens of guests mixed, mingled, and spent their money to help us raise over \$6,000. It was a huge success and I know people are wanting us to host something similar again next season!

PINK weekend

Our annual PINK patrol and associated fun back at the club, was once again celebrated well within our club and on the beach. The Downstairs Member's Bar was open for everyone to come back to after Nippers. It was again another show of solidarity within our Club and thankyou to those who helped decorate the bar and set up our beautiful tables outside our member's area. Dressing up and celebrating, is something we do well at Seacliff. We look forward to celebrating this annual event again next season.

Rainbow day

This was a new initiative for our Club with members dressing up in all things rainbow to celebrate our inclusive Club, across gender and beyond. Again, Seacliff sees new openings and ways to celebrate diversity and inclusivity.

Drag Queen Bingo

After a few of our Seacliff members had been part of the Seacliff Pub's event, we decided to host a similar night in the theme of Drag Queen Bingo. It was a jam-packed night with fun, prizes, raffles, lots of refreshments and a great sit-down dinner. We raised \$4,000 for the Club and had a thoroughly fabulous night. A big thanks to Deb who took a lead role in the organising of this. Dancing and general good times were had after the drag bingo had concluded.

Open day

Open day was great with many families being part of our celebrations. We hosted an afternoon with bubbles and nibbles for Life members, MPs and sponsors, which is always very well received. Weekend Surf got on board and held a pop-up stall which was great to see. Open day is always a fabulous opportunity to showcase our Cub and what sets us apart from the other metropolitan clubs along the coast.

Weekly club raffle

During the lead up to Aussies, some Youth members were supported and encouraged to sell raffle tickets upstairs on Thursdays and Fridays after trainings, as well as downstairs on Saturdays at the member's bar. This helped to raise much needed funds to help transport a range of gear over to WA to the Aussies. It was great to see the Youth get on board and help with these raffles. Well done to our Youth.

Club Presentation Night

Club presentation night is always a great show, and this year was no exception. The social committee worked hard alongside the presentation night committee, to make it a great success. Our theme was "Cocktail dress" and people looked gorgeous. The tables and backdrop were stunning, and we thank everyone for joining in, bringing a beautiful, shared supper and enjoying listening to and watching everyone receive their awards.

In concluding, I would like to thank all the Social and Fundraising team who have helped in so many ways. We rely heavily on Grants and fundraising to finance a wide range of events and purchases for our Club and this team is a vital part of that process. You are valued and you are important.

Well done to Brenda Maddern, Deb Jamieson, Glen Patten, Josh Hudson, Josh Charles, Sharyn Brown, Laila Taylor, Marion Crabb, Nita Natt, Rachel Doughty and Zac Cowan for everything you have done to help at all our events throughout the season. It's very much appreciated.

We continue to miss our dearly loved LIFE members, who have left us way too early, especially over the recent years.....Pammo, Ronnie, Kev and gorgeous "Dirty" Bob, Bill and Gretta Haylock especially. Your legacies and love of the Club are cemented within us and our Club here at Seacliff. I just know you would be here tonight celebrating if you could.

Thank you to everyone again for your generous spirit and willingness to lend a hand. It's these members who make our club a great place to be.

Vicki Gregory

Life Member, Member's Representative and Social and Fundraising Committee Chairperson

Surf Race Report – 2022/2023

We had an ambitious goal to run 23 Surf Races this season – the schedule meant that we were well on target, had it not been for a stormy day one week, and a pesky shark hanging around another week ... Christmas Eve and New Year's Eve falling on consecutive Saturdays gave us a unique opportunity to run a couple of very special events, which were splendidly supported & resulted in memorable occasions.

Once again, the 'check in & check out' system that we implemented during Covid was continued this season. This has been invaluable as it has enabled us to know at all times who is participating, and who is still in the water at the finish. This comes in really handy if we have an instance where swimmers have not 'checked out', and we are able to pinpoint who we are looking for.

The number of swimmers were high again this season with a total of 172 swimmers hitting the water. The largest category by far were the Juniors with 64, the next being the Over 40's, a fair way down with 28. It was once again great however, to see the Over 60's category being hotly contested between 11 very competitive swimmers.

Consequently, the actual number of swimmers participating in the Surf Race each week were very respectable, with the Christmas Half Mile attracting 85 competitors – the second Half Mile had 62, and several standard 400 metre events recorded 70 or more. The Mile didn't break any participation records, but a good number of 52 swimmers hit the water recording some great times.

The majority of categories had the trophy being awarded to clear winners, but several (Over 30's, Over 60's, Open Female, Under 15's and the Juniors) were winners that were separated by the points on offer in a single swim. Similar to those who have taken trophies home in the past, success is all about consistency ... just turn up every week and give it all you've got.

Speaking of turning up and swimming as many Surf Races as you possibly can, our Club Constitution clearly dictates your eligibility if you are gunning for one of the desirable trophies offered in the Mile (first across the line, fastest corrected time, youngest swimmer, oldest swimmer). To summarise, you need to swim 3 x 400m and 1 x 800m Surf Races throughout the season to be eligible. It's really disappointing to see someone not awarded a trophy just because they weren't eligible, so make sure you do the swims if you want to put yourself in the running.

I would like to personally thank Nita & Greg Natt for their invaluable support throughout the season. It wouldn't be possible to run this event week in week out without their assistance. Also thanks to Paul Davies, Kathryn & Paul Bastiaans, and Emma & Christopher Webb who provided vital assistance when required. Also, many thanks to Cliff Joseph and Barry Doughty who alternately shared the position at the northern end of the beach with stopwatch in hand, making sure that all swimmers have their correct time.

The weekly Surf Race is unique where it is one of a few, if not the only, Club event where every active member can compete next to each other in a friendly, good-natured manner. Finally, thanks to every swimmer who took to the water this season. Your sportsperson like behaviour and encouraging nature towards your fellow swimmers, personally makes this weekly event a pleasure.

Ken Bell - Surf Race Coordinator

Competition Report 2022/2023

Season 2022/2023 continued to show the strength and depth of Surf sports competitors within Seacliff SLSC! It was a season where normality resumed, with full carnivals and a busy summer schedule which had been condensed into a shorter season given The Australian Surf Life Saving Championships occurring at the end of March. Once again, we had a large number of Youth, Senior and Master competitors that dominated in competition across a range of disciplines from boat carnivals, board and ski carnivals, beach. Surf league, IRBs, Pool Rescue competition and the Kozzi Enduro, not to mention interstate carnivals in NSW and Queensland.

This year saw some changes to the scoring; with the removal of the 1 to 6 points across all events with the overall Championship club being decided on gold medals, and only points for top 3 placings. We carried our amazing Club success forward again from our last season by winning the Senior Champion club flag (back-to-back-to-back!!) Three times consecutively is a MASSIVE achievement. Masters once again, although not retaining our title, largely due to the new point scoring, came a deserving 3rd overall.

Of course, much of our success is due to our coaches, volunteers (and parents) who put in the hard yards with our competitors on the beach, pool, water, boats, IRBs and lifesaving events. So, please join me in thanking our brilliant coaches who work tirelessly for our Club; Bly, Lewy, Paul, Wayne, AC, Kate C, Ben Bedford, Chappy, Hayley Hosking, Darryl Pope, Henry Vaughan, Robyn Hecker, Josh Charles, Jacinta Day and the countless others who step up to coach and assist across the season.

Pool Rescue

So technically sitting in the 2021/22 season, Pool Rescue competition falls through the gaps given its timing and when we review our results. We would, however, be remiss not to acknowledge and celebrate the success we have started to have in this event. It was only 5 years ago, when a merry group of approx. 12 swimmers along with Jacinta and myself, took a dive in to the world of Pool Rescue...and what a journey! Fast forward to 2021/22 and we had a team of 34 represent the Black caps and they did us proud. The highlight must be the World record winning line thrown from Taj Wallace-Ward and Fletcher Luscombe. 2nd in the overall point score behind West Beach

We had 5 athletes selected as part of the SA State team on the Gold Coast for Nationals; Taj, Keenan, Jaylen, Fletcher and Katie.

SLSSA Kozzii Enduro

Our first outside competition of the season, the Kozzii Enduro, was held at West Lakes on a wet and windy day in late October 2022 with age groups ranging from U12 through to Masters. Mostly a long course event consisting of individual Ski, Swim and Board (or all three to complete the Euro Gold), we had several eager competitors line up to race and face the chilly waters of West Lakes with some fantastic results. Enduro Results include:

Open Male Enduro Gold: Keenan Gray

Open Male Surf Boat 2nd: Seacliff Buoys

U17 Female Enduro Gold: Katie Natt

U15 Female Euro Gold: Rosie Davies

Masters' ladies team event: 2nd

And the many, many podium finishers we had in the individual races across the age groups!

Masters State Titles

This year, Masters States was held over two weekends culminating at Glenelg. The annual battle between West Beach, Grange and Seaclyff continued and despite winning 99 medals, the highest tally of all clubs, we were beaten on Gold medals by West Beach and ultimately Grange taking the top spot. Once again, it is great to see so many Seaclyff Masters athletes pushing themselves and getting around their team mates. There are so many amazing performances to list here by our fantastic Master athletes so please visit <https://www.meetdirector.com.au/results/> for the full list of results.

2023 MASTERS STATE CHAMPIONSHIP
 Medal Tally

Position	Club	Gold	Silver	Bronze
1	Grange SLSC	40	21	21
2	West Beach SLSC	39	46	12
3	Seaclyff SLSC	31	33	35
4	Brighton SLSC	24.25	21	13
5	Port Noarlunga SLSC	23	14	22
6	Glenelg SLSC	22	12	10
7	Hentley SLSC	12	10	9
8	South Port SLSC	8	19	19
9	Christies Beach SLSC	8	14	11
10	Somerton SLSC	3.75	6	4
11	Alinga Bay SLSC	3	6	9
12	Port Elliot SLSC	2	1	0
13	Moara SLSC	0	2	1
14	Onyon Woods SLSC	0	1	0
15	Semaphore SLSC	0	0	3
16	Normanville SLSC	0	0	1

Lifesaving State Titles

First up was Lifesaving events, including Champion Lifesaver and Patrol. We continue to see growth in this area from our younger age groups which bodes well for the future. A massive thanks to our dedicated Coaches and Assistants; Henry Vaughan, Robyn Hecker and Darryl Pope for R&R ably assisted by Sophie Scrivener (U15) and Jacinta and Sarah for Champion Lifesaver. Seaclyff continues to go from strength to strength and this year, we tied with Grange SLSC to collect the LS pennant! This is a true testament to the competitors and their coaches who worked so hard in their training and competitions.

The Senior Medal winners from Seaclyff in Lifesaving events include:

1st Masters Champion Lifesaver – Andrew Chapman

3rd Open Male Champion Lifesaver – Andrew Chapman

1st Open Female Champion Lifesaver – Taylor Nixon O'Brien

3rd Open Female Champion Lifesaver – Georgia Warriner

1st Masters Female Champion Lifesaver -Sarah Warriner

3rd Masters Female Champion Lifesaver – Jacinta Day

1st U19 Male Champion Lifesaver – Keenan Gray

2nd U19 Female Champion Lifesaver – Georgia Warriner

2nd – U15 Male Champion Lifesaver – Jake Rooney

2nd –Open Champion Patrol Team – Andrew Chapman, Angus Higgins, Oliver Higgins, Hayley Hosking, Georgia Warriner, Keenan Gray.

1st Open Mens 5 person R&R – Andrew Chapman, Phil Lean, Bly Bayliss, John Ward, Andrew Chapman

1st Open Mens 6 person R&R – Andrew Chapman, Phil Lean, Bly Bayliss, John Ward, Andrew Chapman, Angus Higgins

2nd U/15 2 person R&R – Isabel Roberts, Sophie Scrivener

1st U/17 2 person R&R – Natalie Hecker, Oliver Cenko (West beach composite)

SA Surf League

SA Surf League was back again this year, with a similar format to last year with athletes drafted into five different teams allowing for some great racing! Teams were sponsored and the event was supported with generous prize money for the winning team as well as individual prize money for competitors who went through undefeated in their events over the course of the competition. If you look closely, you can see the huge number of Seacliff competitors who made the different teams, with the team from SA Aquatic and Leisure Centre ultimately taking the overall win! I am certain that Seacliff will continue to be well represented in SA Surf League in the upcoming season.

IRB Carnivals

Our hardy IRB team took on the freezing weather conditions over the Autumn months culminating in State Titles on 25 June. It was a slightly depleted team this year with the loss of some of our U23 females and some of our more mature members choosing to 'retire', but despite this we have another 3 U23 drivers racing, and we continue to train up new drivers and crew this. IRB racing is a fantastic and fun way to hone your skills in an essential piece of rescue equipment. It has been a year for trying things differently and working on building for the future. The motors are running well thanks to the countless hours put in by Arran and Derek and although our position in the Championships was not as strong this year, due to missing out on a few races here and there, this small but mighty team continue to go from strength to strength...and are always welcome to new faces.

Boats

Our Boat crews this year have gone from strength to strength, ably led by Josh Charles. In February, our Open Mens' team made the journey across to Bulli for the ASRL Open. For Masters States we fielded 6 teams, with 5 coming away with medals! Finally for Senior States a massive shout out to our Open Females who came away with a Silver in Open Short Course. The camaraderie and spirit amongst the boaties is second to none. It's exciting to see what they can do next season.

Senior State Titles

2023 SENIOR STATE CHAMPIONSHIP

Medal Tally

Position	Club	Gold	Silver	Bronze
1	Seacliff SLSC	50	33	19.25
2	Grange SLSC	48	44	38
3	West Beach SLSC	23.50	22	24
4	Port Noarlunga SLSC	18.25	17	12

SA Reds Competition – Super Surf League Teams (National Comp)

January saw the best of SA travel across to compete at the annual Interstate carnival and Youth pathway cup. This year off the back of the 3rd place positioning last year, SLSSA took a SECOND SA Reds team to Maroubra beach, giving our athletes more high-performance racing opportunities than ever before! Seacliff had 7 athletes out of a possible 16 represent on Teams Thunder and Lightning! SA ended up finishing 5th on the ladder overall and 4th in Opens.

Aussies 2023 – Scarborough, Perth

A smaller than usual crew made the journey to the West Coast for a taste of the indomitable shore dump that Scarborough throws up. It was a tough competition with a few battle scars for our U13-U15s who found themselves competing against some strong competitors in flat water conditions.

Riding on a high from our 2022 campaign, but with a smaller crew, competition was stiff with 2,700 open competitors hitting the beach. Out of 140 clubs, we sat 32nd in the overall point score, once again the leading South Australian club. We had multiple semi and final competitors across the Youth, Masters and Open competitions.

Some notable results include (for full results please visit <https://www.liveheats.com/slsa>).

Silver medal: U19 Male Champion Lifesaver – Keenan Gray

Bronze medal: U19 Male Surf teams – Clancy Luscombe, Harvey Luscombe, Ryan Clifford, Harry Manolopoulos

Bronze medal: 50+ Female Champion Lifesaver – Jacinta Day

Bronze medal: 55-59 Male Masters Double Ski – Wayne Jones, Grant Turner

Season 2022/2023 – Final word

Seacliff season 2022/2023 has once again been strong. All these brilliant results and the amazing effort from our athletes yet again saw us as Senior State Champions with a close fought battle for Masters State Championships.

We are thankful to have such a dedicated group of volunteers in all areas helping our competitors to achieve their goals. This ranges from the Coaches, to Team Managers to Officials and handlers. Athletes could not be on the beach without this support. It usually falls on the parents to be able to fill these gaps and it is all too often the same faces. I would like to give a special thanks to Nita Natt, Jacinta Day who officiated at most carnivals, Matt Crichton and Kate Bawden for those cold days officiating at IRB carnivals, Chappy for being wherever he was needed and Henry Vaughan and Heather Burns for allowing Seacliff Masters to continue to compete in the absence of any volunteer officials. Hopefully with more officials coming through this season will be a time to share the load. Your help is so very appreciated and needed to support the success of our club in our competition.

I would also like to give a massive thanks to Paul Bastiaans for all his help with the Youth this season, with the organization for Aussies and assisting as Team Manager at both States and Aussies. To Bly who puts in countless hours on the beach honing the Board and Iron skills of our Senior athletes, to 'Lewie' for guiding and supporting the Youth coming through and to Wayne for the countless Kms of ski paddling that have allowed our paddlers to excel this season.

Finally, thanks to everyone who assisted with any beach set up or pack roles and handler roles throughout the season.

And finally, we farewell some of our seasoned competitors who are moving on to pastures new; Keenan Gray, a previous Seacliff Nipper and now an accomplished and amazing Lifesaver and athlete, we wish you well on the Sunshine Coast and you will be missed! Harvey Luscombe, good luck with your Royal Australian Naval career. Another sad farewell to a formidable swimmer and at Christmas we said goodbye to Chelsea Jentz; only with us for a short time, she made a big impact and we have closely followed her successes on the Gold Coast and at Aussies this year.

Remember there will always be a home for you all back at Seacliff SLSC!

Sarah Warriner – Competition Coordinator

Business Liaison Report – 2022/2023

The last 12 months have been one of rebuild for the bistro. With the resignation of the catering manager three months into the year, Tara Pollard (Head Chef), Jenna Austin (Front of house) and Amanda Luetolf (Admin and office support) led our Bistro team. It was a great outcome with revenues the highest in Club history at 13% up and profits improved by 28%.

It was a challenging period with a lot of maintenance falling away during the last couple of years needing to be addressed. Special thanks to the building committee with John Higgins, Bly Bayliss and Paul Bastiaans for numerous hours repairing and restoring. Thank you to club sponsors DCM for helping us maintain our freezers and kitchen equipment and to Kern Wi-Fi for coming to the rescue to fix our club internet.

The new team met weekly with me to set new goals, targets and restore good habits in the management of the operation. Bistro cleaning, being more aware of members and commitment to service levels all became key focuses.

We were especially pleased to introduce DJ Diver during the Summer and our weekly music continued to draw solid numbers through the door every Sunday.

Reinstatement of the Members Draw was a big hit on a Thursday night and created a real Club atmosphere.

Our 5-star reviews on Google are at record highs and the flood of praise for staff and the quality of the food is really pleasing.

Lovely lunch with a view, nice staff

Response from the owner 2 months ago
Awesome Kerry, will let the staff know of your kind words.

All this work was further recognised when in April the Holdfast Bay Council awarded us a 5-star food safety rating with zero findings in 189 auditable points. An absolutely amazing outcome for Tara and our team.

Very peaceful and quiet looking out to Sea and Beach as far as you can see from the upper verandah. Very varied menu to suit all tastes. Friendly and helpful staff and very clean. Toilets Very clean and slope at the back for people in wheelchairs or with mobility issues.

At the end of April, Jenna Austin stood down as front of house Leader as she prepares for travel and leaving University. Thank you to Jenna who led a team who stepped up and delivered for the Club. With Jenna preparing to leave the club, the front of house team has a new team leader in Sharyn Paris. Sharyn has been an awesome support and role model in the Bistro since joining last Summer and we are very excited to move forward with Sharyn. Sharyn has the Club at heart with many years of patrolling and competing. Her tremendous work ethic and focus on customer service will continue to improve and develop the Bistro operation.

Finally, to our fabulous Club volunteers. They work behind the bar and in the kitchen throughout the Summer saving us tens of thousands of dollars so we can continue to invest more in our surf life saving operation. Thank you from all the Club for your work throughout the year.

To everyone, come down during Winter and catch up with your Club mates and let's get excited about another big year in the Club.

Thank you all for your support throughout the year.

Suzette Gloster - Business Liaison Officer

Marchpast Report 2022/2023

The Marchpast team gathered together in early November to commence their assault on the 2022/23 season following a successful result in the States and Aussies in March/April 2022.

A group of twelve women sought to train every week, but due to family, work and other Lifesaving commitments, we rarely got to see all twelve at the same time! The programming of Marchpast events at carnivals was less than favourable (Goolwa! Southport – long walk/carry of gear across the bridge!), combined with the punitive entry charges levied on Marchpast competitors, meant that we did not compete until the State Championships (Day 1) on February 19.

The team had trained well through January and February and were coming together nicely in preparation for this championship march. On the day, we were challenged by having to follow the raggle taggle shemozzle that was the Grange team. It's hard to keep your concentration on your marching techniques whilst watching that! The team rose above these challenges to march very steadily and was adjudged by several knowledgeable onlookers as being "in the mix" for the trinkets at the end of the event.

It was not to be! 4th by half a point! Very disappointing. Our medals had been stolen from under our nose! Ah well, that's surf.

Thanks to the stoic bunch of good women that were a pleasure to coach all season; Deb Jamieson, Sharyn Brown, Karen Wilmot, Jodie Lindsay, Robyn Hecker, Kristie Meier, Laura Hamblin, Jacinta Day, Suzie Fordham, Laila Taylor, Leanne Whaite and Alice Everitt.

The team was not going to the Aussies in WA but will likely set themselves for the Sunshine Coast Championships in 2024.

Darryl J Pope OAM - Marchpast coach

Silver Salties Program 2023

From a small introductory group in 2019 the Seacliff Salties have grown to a significant part of Seacliff Life Saving Club in 2023 with over 80 registered members, with significant involvement in Club activities. Our Thursday meetings have an average attendance of about 45-50 members and a peak attendance of 65 members.

The Salties Group was designed by SLSA to allow older community members and older Club members to join Surf Club activities, and for existing older members a path to remain within the Club in their later years. The Salties also allows Seacliff Life Saving Club to give back to the community allowing older persons to participate in Club activities while providing activities and gaining skills commensurate with the Saltie members age and physical capabilities.

Thursday Activities

The group activities include exercises for chair and floor, which is the most “popular” activity generally with a group of 30-35 members exercising, with notable and acknowledged improvement balance and coordination in participants. Marianne Den Dekker coordinating this activity with assistance from Laura Bosely, Cliffy, Bernard Fry, Marion Crabb and Brenda Maddern all acting as instructors at various times.

Their activities include fit ball and gym with Dennis Lorenzin providing instruction to members and Laura Boseley providing induction on the use of the gym equipment. The fit ball and gym again providing improvement in balance flexibility and strength.

Groups of up to 20 members enjoying the Seacliff environment with brisk coastal walks enjoying that fresh air.

More in line with basic Surf Club activities, Proficient members Heather Burns, Terry Keefe, Terry Crabb, and Grunter have assisted with the introduction of improving swimming skills and aquarobics. With the warmer weather and the encouragement of the above crew we are seeing increased numbers in weekly swims from “novice” to “proficient” ocean swimmers, all conducted with the appropriate water cover and safety provisions including fluorescent coloured vests for all participants. Presently we are working on achieving parity with the requirements of SRC next summer for those members with first aid and radio courses to be considered during the winter season.

Other Activities Inhouse

The Salties Thursday sessions this year also included lectures and seminars of interest to our generation.

- My Aged Care'
- Wellness in Aging
- Back in Motion
- Scam Awareness

Our Social Activities and Events

This year we have seen a larger participation in social activities both within and outside the Club, with our social coordinator, Anne Fraser organising these activities. We also coordinate our social activities with the Clubs social committee through Vicki Gregory, Brenda Maddern and Marion Crabb. Events this year included:

- A large group of 34 Saltie Ladies enjoying the recent SLSC Ladies Day
- A group of 16 Salties at the Drag Bingo night
- A cruise and luncheon on the Murray River on the Captain Proud
- Melbourne Cup luncheon at the Warradale Hotel
- Wine Tastings and Christmas Lunch at the Club
- Club of the Year Gathering 2023
- A tour of the Bay Discovery Centre followed by Lunch at Glenelg SLSC
- A dinner at Casuarina Restaurant with nearly 40 members attending
- Numerous Club dinners on Thursday nights, Birthday and other celebrations
- Extensive use of Club facilities on Thursday mornings for our meeting and social gatherings over coffee

Many thanks to the Clubs bar and catering staff for making these activities possible, with great food and service.

Melbourne Cup Lunch

Dinner at Casuarina

Our Involvement With Club Activities

- Cleaning the members' change and craft storage facilities prior to our Thursday meetings is seen as a major input to the maintenance of the Club. A dedicated group of early riser Silver Salties clean and clear areas around the Club. Doing the maintenance that needs to be done that the Active members who are working, don't have time for
- Food preparation for officials, cooking BBQs, setting up and packing up and serving food to attendees at SLSSA Carnivals.
- Assisting with Club management functions
- Fundraising for the Club in the People's Choice Community Lottery
- Assistance and participation in Seacliff's 100 Club sales and evening draw

Rob Maddern cleans up

The Clean Up Crew take a rest

The Barbecue Crew

Catering by the Silver Salties

Seacliff's Silver Salties 2023 Program Achievements:

- Social inclusion and meaningful re-engagement of older Club members who still feel they have attributes to offer to this group and are able to maintain an active role within the Club.
- Providing role models to younger Club members, showing them how important it is to age positively, maintaining fitness and community engagement.
- The Silver Salties have grown to be a recognised group and have a visible presence within the Club, with various groups requesting our input and assistance.
- Improved physical and mental health fitness, demonstrated by increased movement, agility and swimming ability for members.
- Development of friendships and networking of members, specifically aged singles who live alone.
- Providing support to each other in times of Covid, ill health, family issues, hospitalisation or injury.
- Follow up of members who haven't attended to ascertain their wellbeing, as per the mental health by-line "Are You OK".
- Engagement of many participants to become Associate members of Seacliff SLSC (not a specific requirement).
- Social dining at the Club by a large group of Silver Salties every Thursday.

Chief Instructor's Report 2022/2023

Instruction this season at Seacliff has seen me take over the reigns as Chief Instructor.

After many years of strong leadership, and growth and development of our members, the Chief Instructor position became vacant. I was determined not to let the Instruction experience decline in any way. To say it has been a challenging assignment for me is an accurate reflection. With the support and drive from our small team of trainers and a strong mentor from a sister club, I believe another successful training year has been achieved at Seacliff.

Prior to the traditional beach patrols starting, our training team were busy with the next generation of IRB Drivers. The difference with this group was not only were there four Seacliff Members, but we also reached out and engaged a further four from neighbouring clubs, all under the age of 18 yrs. All capable current proficient IRB Crew members from the age of 15 yrs increased their skills, spending 30+hrs in the waters of the far south coast. Congratulations to the next generation of enthusiastic and skilled IRB drivers – an asset to our club! A logistically difficult course to run, the latest IRB drivers will be of benefit to our Patrols and water safety commitments which will far outweigh the sacrifice that is made by trainers and candidates alike. As their skills continue to grow, I can envisage our highly skilled personnel delivering water safety at National and International SLS events.

As a club, we were able to support SLSSA and our neighbours by hosting many assessments throughout the last season, most notably the State-run Bronze Medallion Award. Seacliff had no candidates of our own to present however we chose to strongly support the State-based education programs and we provided them with the use of our equipment as well as supplying water safety personnel. Thank you again, to those who supported these assessments.

This year through the support of our Vice President, Glen Patten, we have been able to update a large portion of our vital training equipment due to successful Community Grant applications. The new equipment includes adult, youth, and baby manikins. These are vital to train CPR (cardiopulmonary resuscitation), ART (advanced resuscitation techniques), and they are used for SRC, Skills Maintenance, Patrols scenarios and Champion Lifesaver competition training. The manikins are fitted with compatible app(s) that delivers to the trainer real-time data, such as the rate and depth of compressions, and supplies instant feedback to the candidates. We have also updated our ART kits. Two brand new units have been developed to train and deliver this award, including Oxygen delivery, and includes equipment to treat major trauma and asthma cases.

Our equipment is constantly being reviewed to ensure our gear is not only safe and hygienic but at the forefront of industry best standards, giving our members high quality equipment to assist in their training.

This season, there has been a push across the National stage for the Silver Medallion Patrol Captains award. This course was a 2-day workshop with the foundation learning taking part online, prior to the practical component. The target cohort is current Patrol Captains and Vice Captains, and potential patrol leadership. The 2-day face-to-face training was packed with vibrant practical scenarios and is designed to push you out of your comfort zone. We had several members complete this valuable training.

In addition to delivering instruction to our members, our trainers undertook an annual 2-day intensive personal development program and were offered many other opportunities throughout the season to upskill their knowledge, and in return producing better educated trainers for our teams. We have also had 2 members upgrade their skills to become ART trainers to deliver this course in-house at Seacliff.

We held a Radio skills maintenance workshop in the SOC (State Operations Centre) for Award members that wanted a better understanding of how the radio network operates. This was a skills maintenance session to better grasp the key messaging skills required for clear, and accurate delivery of radio communications. On the evening, 20 Seacliff members attended and they departed with additional skills and knowledge, to supporting their awards.

One trainer, Hayley Hosking, has successfully upskilled to become an RWC trainer with the Emergency Operations Group. Hayley has also spent a massive amount of time studying the Cert 4 in training and assessment to be recognised as an Assessor, not only for Seacliff, but for State and National life saving services and Hayley is very close to completing this certificate.

The 22/23 season has seen:

331 Skills Maintenance proficiencies.

- 194 SRC & Bronze Medallion
- 45 ART
- 67 IRB Crew
- 25 IRB Drivers

99 New awards (71 of these trained by Seacliff)

- 24 - New SRC's (Surf Rescue Certificate) trained
- 18 - Bronze Medallion trained
- 3 - ART (Advanced resuscitation techniques) trained
- 8 - Nipper Water Safety Certificate
- 8 - IRB Crew trained
- 17 - Provide First Aid
- 7 - IRB Drivers trained
- 3 - Silver Medallion Aquatic rescue trained
- 3 - Silver Medallion beach management
- 1 - RWC (Rescue Water Craft) probationary
- 4 - SSV Operators
- 1 - Training Officer BM
- 2 - Training Officer ART

In addition to Patrols, Water Safety and AGL's, Seacliff Trainers put in a total of 306.75 hrs in face-to-face training.

Finally, as our training team reflects on the past season, we can be confident we have provided our Patrols with the skills required to fulfill our Patrol agreement and provide our members with skills that can be transferred into everyday life. We look forward to the upcoming season with confidence that we can identify and deliver relevant instruction platforms to our members in a professional, accurate and efficient manner, It is hoped our training contributes to a high quality, inclusive and supportive education experience at Seacliff.

Cheers

Derek Bawden - Chief Instructor

Rescue and Resuscitation Report 2022/2023

Once again Seacliff was active in coaching, officiating and running Rescue and Resuscitation events for both Juniors and Seniors throughout the year.

Starting back in September 2022 our Junior members were gathered together for Friday night resus training as a skill development to get the R and R teams on the beach early in the season. These sessions were coordinated by Robyn Hecker with help from Natalie Hecker and Hayley Hosking and Henry Vaughan. Henry coordinated the Junior R and R “machine” again this year and was the central point of contact.

Thanks must go to all coaches and helpers;

Glen Patten, Darryl Pope, Henry Vaughan, Robyn Hecker, Natalie Hecker, Darcy Symonds, Ashleigh Brice, Sophie Scrivener, Deb Lasscock and a very special thanks to our team manager Fiona McMillan (we certainly couldn't have done it without you!).

U11 2 Person:

Gold Angus McRae/Alfred Doughty

4th Charlotte Davies/Charlotte Fooks

5th Elka Henty-Charles/Pippa Down

Semi Final Matilda Connor/Zoe Salier

U13 2 Person:

Bronze Hamish McRae/Jed Down

5th Evie Brady/Keeley Henty-Charles

6th Phoebe Warriner/Grace Adams

Semi Final Isabel McMillan/Miller Salier

Semi Final Ava Richards/Laura Bastiaans

U13 5 Person R and R

Gold Evie Brady, Phoebe Warriner, Grace Adams, Ava Richards, Stazi Pavic

Silver Isabella McMillan, Laura Bastiaans, Jed Down, Keeley Henty-Charles, Hamish McCrae

U15 2 Person

Silver Sophie Scrivener/Izzie Roberts

U17 2 Person

Gold Natalie Hecker/Oscar Cenko (West Beach)

Open Male 5 Person

Gold John Ward, Phil Lean, Bly Bayliss, Andrew Chandler, Andrew Chapman

Open 6 Person NGS

Gold Angus Higgins, John Ward, Bly Bayliss, Andrew Chandler, Andrew Chapman, Phil Lean

The Open Teams continued on to the Aussies in Scarborough and performed relatively well (even with a last minute team change due to Andrew Chandler's unavailability.)

Open Male 5 Person

5th Angus Higgins, Phil Lean, Bly Bayliss, John Ward, Andrew Chapman

Open 6 Person NGS

4th Angus Higgins, Phil Lean, Tom May, Bly Bayliss, John Ward, Andrew Chapman

Whilst not reaching all our goals we certainly proved (again) that we are a force at both State and National level in this specialist event. In SA we provided almost half the judging/officials panel and more than half of the competitor entries. There are great opportunities for U17 and U19 teams in these events. We have the coaching expertise, and we hope to be putting Seac Cliff teams on the beach in all age and gender groupings next year.

Darryl J Pope OAM
Rescue and Resuscitation Coach

Youth Report 2022/2023

The season began with many of the Youth members braving the cold, attending winter training sessions learning new skills in paddling a Mal, under the guidance of Lewie, Bly and myself. These skills gained early in the season allowed them to join in with the seniors for the training throughout the season. In the October holidays Derek Bawden ran the SRC and Bronze course for all the Youth members where he kept them engaged and motivated during this time. I would like to thank Derek and the trainers for running an awesome course that all the kids raved about and gained important lifelong skills in the early stages of their lifesaving pathway.

Throughout the season all the Youth were excited to be on Patrol and help as water cover for the Nippers. We had the biggest group of Youth in several years, often getting almost 30 each Saturday at training. The group was diverse from people just arriving from the UK, to seasoned Nippers of almost 10 years. I am extremely proud of all the members as they were inclusive of all, taking the new members under their wings and helping them navigate the ocean. A special mention to Harvey and Theo who started after only being in the country for 2 weeks. They jumped right in and got involved in lifesaving, the growth from these two is outstanding as they became comfortable in the ocean, swimming, Patrolling and paddling on boards, Harvey even getting involved in IRB's.

State Championships saw all rally together making up teams and gaining some rewards for their commitment. Tasmin, Layla, Rosie and Sophie did well to get a bronze in the girls Surf teams. The

boys consisting of Jake, Charlie, Cooper and Thomas were unlucky in getting fourth. The Girls then did one better in the beach relay achieving a silver medal, well done Izzy McKinnon, Tasmin, Cara and Skylar. The boys again just missing out on a medal, good effort Dan, Thomas, Jake and Charlie. Izzy Roberts and Sophie drew on their knowledge of R&R joining together at the last minute to make a team and snagged a silver medal, well done girls. Tasmin joined Rosie to get a silver in the 2 x 1 km run, while Tasmin won the Gold in the 2 Km. Tasmin showed how

good a competitor she is by winning medals both in the water and on the beach, something not often seen in seniors. Maddy had a strong run in the 2 km achieving a silver medal, well done Maddy.

A special mention needs to go to Jake Rooney for his commitment to Seacliff Surf Lifesaving Club, he went way above to help his mates making up teams in U15, U17 and U19. He achieved a silver in Champion Lifesaver, 4th in surf race, surf team, beach relay, board relay and 5th in iron and 2 km run. Jake is the ultimate all-rounder being highly competitive both on the beach and in the water. I cannot thank you enough for your guts and determination you show, you are a true teammate.

Rosie Davies was selected as the youngest member of the Surf League where she went out to battle against the toughest people in the state. She was also selected for the State team where she joined several others from the State to compete against the best in Australia.

This year saw a small number of Youth travel across Australia to compete at Aussies in Perth. Scarborough beach is notorious for a shore dump which it did not disappoint. Those that went stepped up to the challenge of a difficult break to negotiate, extremely soft sand and the best competitors from across Australia. Well done to Cooper, Zane, Jake, Niamh, Maddy, Will and Phoebe for challenging yourself and giving everything a go.

Sophie Scrivener spent much of her Saturdays helping with the R & R Nippers, coaching and mentoring them throughout the season. She achieved excellent results at States with a silver medal in R&R, 4th in Iron woman, Bronze in the Surf race and Surf team. She is a valuable team competitor and with her attitude to lifesaving and commitment to helping others she has been nominated for SA Youth Lifesaver of the Year, I wish her the best of luck.

A big thank you goes out to all the parents of the Youth without you the kids do not train, attend patrols and help with water cover, Thank you.

I look forward to next season.

Paul Bastiaans - Youth Coordinator

Boaties Report 2022/2023

Season 22/23 was another opportunity for the Seacliff Boaties to consolidate and further develop on the success of the previous season. With great success and new experiences in 21/22, the challenge was always going to be to back it up this year.

First and foremost, our Platinum sponsors in Idea Science and SAPN Community Partners were back on board and providing resources to aide in keeping 2 competition boats on the water for both training and competition. On behalf of all of our rowers, sweeps and coaches, I can't thank them enough for their ongoing support!

The Gotcha4Life 24hr Row for Suicide prevention and mental fitness was held at our Club for the first time in September and proved to be a fantastic success. Around 20 clubbies raised some \$\$ and jumped on the ergs to keep the wheels spinning for 24hrs and more importantly raise funds and awareness for this wonderful cause. At the end of the 24hr period Seacliff had raised \$8,500 for Gotcha4Life which placed us in the top 16 Surf Clubs Australia wide! Plans are already under way to make this years row from 9-10th September bigger and better again when we can showcase all of our wonderful athletes from across all disciplines to the rest of the country and crack into the top 10 fundraisers in the land! Watch this space....

Another solid preseason from 4 crews, put us in the position to take the next step on our Boatie journey and there were some promising results early, in particular the 6km Kozii Enduro at West Lakes. The "Crabsticks" took part in their first Kozii in the 160's women and acquitted themselves well over the course.

The Buoys again jumped into the Open Mens and after taking bronze last season, managed to go one better with Silver, narrowly going down to a Grange boat, stacked with elite rowing talent. Here's hoping the Buoys can go one better next season and really upset the apple cart!

The first event of the season served as a selection for the SA Surf League and some solid results saw the Keen Beans (Open women) and the Buoys (Open men) both earn selection. This was a fantastic achievement for our little group of rowers to again have 2 crew selected and something we'll be pushing for next year.

The November carnival at Aldinga saw 4 crews hit the water with the Magoos joining the Keen Beans, Crabsticks and Buoys enjoy some challenging conditions at a different beach!

Then it was back to Robe! Always a favourite event for the club, it gives us a chance to get away, race in a spectacular part of the world, tackle some strong interstates crews and bond, bond, bond! This year was no exception and anyone that went would highly recommend!

One more carnival pre-Christmas plus a couple through January allowed the Crabsticks and Magoos to start gaining momentum and confidence heading towards the 'pointy' end of the season.

Short Course States were held on 23rd January with the Magoos and Buoys rowing strong and hard all day. Without a doubt, the absolute stars of the day were the "Keen Beans" who took out SILVER in the Open women by narrowly going down to the Brighton Broncos and finishing in front of the Australian U23 Rep Team, the Glenelg Grenades! The skies the limit for these ladies in 23/24!!

If Surfboat Carnivals were to have a 'Rowers Carnival', it'd have to be the BJC! And this year, Seacliff came to row and came to play! (well mostly play!) With 5 crews wedging up including the 'Chillie Flakes' Brighton didn't know what hit them!

1st in Open Women- Beans

2nd in Open Men- The Buoys

& 2nd in 160yrs Women- Crabsticks

It was a great day to work up a thirst and have the host Club pay to quench said thirst! Cheers Brighton!!

Early Feb and the Buoys headed across to tackle the ASRL Open in Bulli, NSW. With the Chillies on hiatus and the Beans not keen for this years event, the 4 Nipper Dad's took it upon themselves to head over under the watchful eye of Benny Bedford and our very own Bean and 'Sweep Girl", Laura "Big Darrell Eastlake' Boseley!

With a Masters event on the Thursday cancelled due a weather event of Biblical proportions, the Buoys were forced to throw all their eggs into one basket and go all in on the Male Reserve event on the Friday. Once they sorted out which beach they were on, it was all guns blazing as they pulled, rowed, bit, fought, scrapped, and even 't-boned' anyone in their way! History will show that they missed the cut to elimination finals on a count back but those of us that know anything about the NSW Origin team will confirm that you can't trust a cockroach and the only good one is a dead one! Put simply, they was robbed! But with youth on their side, they'll be back bigger and better in 23/24, bring on Lorne.....

With Bulli a distant memory, we turned our focus to State Titles in particular the Masters variety. Rolling out 6 crews on the day, there was a fantastic spread across 5 events with new and old rowers jumping in and donning the Black Cap!

The Stars (140yr women)- Laila, April, Kylie and Lauren bustled around the course at Moana and joined with the Mojitos (200yr women)- Karen, Lisa, Alice, Sharyn plus Dave sweeping in winding back the clock by doing us and themselves incredibly proud!

We were lucky enough to jag 4 medals on the day in all with the Crabsticks (Bronze 160yr W), the Magoos (Bronze 160yr M), the Send Its (Silver 160yr M) and the Seacliff Slugs (Gold 200yr Slugs) all filling their boots! Another successful Masters Surf boat day!!

The following day it was time for the big dance- Senior State Titles!!

This is the one we all want on the local stage and it usually brings out the best in everyone. Maybe unless you're a Buoy that is, tough day at the office. But we move on quickly round here and it was time to focus all of our collective energy into cheering on the Magoos in the Reserve men and the Keen Beans in the Open women.

In what was the largest field on the day by far, the Magoos fought and rowed themselves into a highly competitive final falling just out of medal contention over the last 20 strokes! What a fantastic finish to their season and these other Nipper dads are only going from strength to strength!

That left the hopes and dreams of the remaining Seacliff Boaties on the shoulders of the 4 Keen Beans! Could a fairytale be written? Would these darlings from Seacliff etch their names into Seacliff Boatie folklore?

With qualification into the Open Womens final earned, they left it all out there and fell just metres short of the bronze medal in an absolutely stacked Womens final and deserve legitimate acknowledgement as a future powerhouse in Womens surf boats in South Australia! Very exciting things ahead for these girls!

With State Titles done and dusted, it drew the curtain on a memorable 22/23 Surf boat season at Seacliff. To all our sponsors, rowers, sweeps, coaches, supporters and fellow Seacliff clubbies, I thank you for your support and am genuinely excited about the growth our Club is going to experience over the next 3 years. The level of interest from Youth rowers is building and we can't , wait to unleash them on the rest of the State when they're ready. If you're reading this and it's stirred your curiosity, I'd love to have a chat and get you involved with the Seacliff Boatie community, there's nothing else like it!

Guns Up!
JC

Josh Charles - Boat Officer

Junior Report 2022-2023

Another great season done and dusted. Normality post COVID was restored with a full schedule of three State carnivals and three full days of State championships. We also retained the Holdfast Bay Branch carnival, which restarted in 2021. This continues to offer a great chance for first time Nippers to get a sense of what surf events are like in a more relaxed and less intimidating atmosphere.

We welcomed many new families to our Nipper community and it was great to see so many familiar faces back on the beach with this season at Seacliff, once again seeing the Seacliff program have the highest number of Nippers in all the state, 257 and we retained a 50:50 male/female ratio – a great accomplishment and one we should be really proud of. In competition this once again led to stellar results, particularly in the youngest age groups – a great sign for the future – with Seacliff finishing third in the State Junior Championships held throughout February/ March at Semaphore, and Port Noarlunga beaches.

Season Overview

Our Nippers by the numbers

This year we continued to focus a lot on capturing data around all our activities with some amazing insights into the growth and progress of the Nipper program at Seacliff. We continued to utilise the Seacliff Nipper training app to track participation in board and swim training. Nipper participation in mid-week board training throughout the whole season also continued to grow with an average of 167 Nippers per month taking part in one or both of the board trainings. The highly successful transition program – Growing Groms – helping kids move from Under 7's to Under 8's developed by Under 7 AGL's Arran and Peta and delivered by Boards coach Anthony Doyle, continued before the season.

This AGL team also added a beach based transition program – Dash 'N Dive – with sand and sprint guru AC, that ran before the season to help kids learn about sprinting and flagging. Seventeen participated throughout September/ October, growing their confidence and skills before the season commenced. This unique transition program approach has been nominated for a State surf award this year, a great reflection of the innovation we are leading with here in the Nipper program at Seacliff.

The first Dash 'N' Dive program!

This year we had some 142 expressions of interest for Come and Try sessions, with 123 of these attending two or more sessions and ultimately 71 going on to become new members. Thanks so much to Janelle Scrivener and Kristy Klomp from the Junior Committee for managing the check in process on the beach and the amazing Terry Keefe for running the sessions. Ably assisted by Keenan Gray, and a number of other helpers through the season this program with a separate beach and water area is a real differentiator for our Club.

Nipper Saturday training saw an average of 165 nippers each week requiring a tremendous effort by all our amazing AGL's, Water Cover and parent Nipper Water Safety Certificate holders. This number continues to increase year on year and the almost constant adjustment of the space on the beach and in the surf remains a juggle. Carnival participation was also up, in part due to the transition programs in place, with around 120 kids on average attending each carnival and State Championships. This represents around 70% of our regular training Nippers going on to the competition environment.

As we continue to focus on Saturday training as the participation-based experience for all abilities of Nippers, adjustments to stations in each age group, such as creating ability level based drills, continued to have a great impact. Mid-week training remains a hybrid with more development focused training for surf and beach competitors, in events such as boards, swimming, iron and flags and limited participation only opportunities. This remains a balance we are endeavouring to strike, with the large amount of coordination and volunteers required to make it happen, which with such large numbers of Nippers, remains a challenge.

Winter Training

Winter training went from strength to strength in 2022. Thank you to Anthony and Paul for braving the cold every Tuesday and most Saturday afternoons to train our Nippers so they could keep the love of surf going even in the coldest months. This will commence in June again including the important transition for U13 nippers to Mal boards, where cross over training with the Youth and Seniors begins to prepare them for use of these boards in their final Nipper season.

Lake Bonnie pre-Season Sprint camp

The long weekend in October saw a number of returning Nipper families descend on Lake Bonnie for the annual sprint camp run by AC and Lori. In between morning and afternoon fitness and technique sessions, returning Nippers and their families were able to reconnect and hangout together and enjoy paddling (and tubing) on the quite chilly lake.

This has become the Opening of the Season event for Juniors with the weekend away a great chance for kids and families to mark the end of Winter sport and begin to turn attention to the surf season ahead.

Carnivals

The Branch Carnival, held in November, saw Seacliff join with Brighton, Somerton and Glenelg and host the first carnival of the season. This format brought Nippers together in a participation-based format to encourage friendly competition and had a really great feel on the beach early in the season.

The Branch carnival once again included events to give a chance to involve the Under 6's and Under 7's at the same time as the older Nippers – a great way to showcase the truly family nature of our movement!

January saw the first all club carnival at Somerton and the introduction of a five-pillar behaviour and results related framework for events from Surf Lifesaving SA. This was introduced to enable Clubs to more evenly compete against each other, but also to focus on Nipper, parent and volunteer behaviour to ensure respectful interactions on the beach. Training for volunteers, as well as how Clubs provide officials and water cover was also part of this approach and the Junior Committee spent a lot of time endeavouring to ensure Seacliff

Nippers were across all the new compliance elements. As a large Club this was no small feat and remains a challenge moving forward as volunteering time from our busy families becomes harder and harder to secure.

Despite this the Nippers who came along to the first carnival had an awesome time, for many their first carnival experience. With both individual and team events and three divisions providing a chance for kids of all abilities to compete equally.

The third carnival at Glenelg quickly followed in mid-February and before we knew it was time for the massive weekend away with the fourth Carnival, this time at Normanville, after Port Elliot was deemed unsafe due to the ongoing flooding. The weekend started with a full training session on Saturday at Aldinga, where the Nippers experienced some tough conditions, with wind and rain and an imposing shore break, but it was amazing to see them all head out into the water full of energy and some big smiles. A big thank-you to all the AGLs and parents that came down to help set-up and support training, and a huge thank-you to all the water cover volunteers who got out in the waves and kept our Nippers safe.

Sunday came round fast, conditions were much calmer further down the coast and there were some nerves, but Seacliff Nippers all stepped up and all the kids did an amazing job.

Thank you to all the volunteers, with so many parents having a job somewhere on the beach, as a big Club we always have a lot of places to fill and your help is invaluable. Thank you to the Junior committee for all the behind-the-scenes work done prior to the carnivals to make them seem so easy.

State Titles – Semaphore and Port Noarlunga

After State Championships last season was stretched over 5 weekends, changes this year saw the State Titles consolidate to only two weekends easing the logistical strain of many of our families! This did create some scheduling challenges with RnR and March Past in particular and some very early starts for competitors but there were nevertheless some great results.

The RnR coaches worked particularly hard against this year, building on the previous seasons results and Nippers across all age groups did exceptionally well in the very early start (and small beach!) at Semaphore. This was complicated by semi finals and finals being wedged in between other events on the beach, creating a little bit of stress for kids and coaches during the day, but there was very little complaining from the crew. And results showed, with Gold and Bronze in the two person and Gold and Silver in the 5 person events.

A very special call out to Georgia Parkin who, as conditions deteriorated over the afternoon at Semaphore, had a close encounter with an IRB just as the Under 11's final event for the day was called off. This was a great reminder of how quickly the surf conditions can turn and how important the skills our nippers develop are for managing in the ocean.

The final two days of State Champs the action moved to Port Noarlunga with the first day individual beach and water activity, and the second day focused on team events. It was inspiring to see how well all the children performed. While there are just too many fantastic results to talk about here, here a few highlights:

- The boys all age relay team made the final with a blistering heat and were neck and neck in the final with some amazing running, winning the Gold, edging out Brighton and Henley for 2nd and 3rd respectively. The cheering from the crowd and the look on the kids faces when the last runner crossed the line was unforgettable. The girls all age relay also continued great results of previous years finishing third behind rivals Grange and Brighton.
- Samuel Richards in Under 9's pulled out some amazing performances managing a top 6 in every single individual event bar one.
- In the Under 8's first state carnival the Cameron relay team pulled together a huge effort to pick up the gold medal and Henley, Lewis, Morgan and Sonny had one of the best celebrations on the beach.

- Zane Rooney in his last year in Under 13's after some great performances on the beach brought home Gold in Champion Lifesaver, following up his State Nipper of the Year nomination.

On both weekends walking around the beach you could see black caps everywhere cheering on their teammates. This is something we are great at here at Seacliff – while results and medals are great, it doesn't matter where anyone comes, they are always cheered over the line by their teammates. This was no more apparent than in March Past where once again Seacliff regularly had two high quality teams starting off the carnival days. Coached by Shauna on Saturdays this is always a spectacular showcase of the Nippers and a wonderful reflection of the sports history at the same time.

After the month of State champs, Nipper and parents exhausted we said goodbye to the season with a wonderful third place in the State.

Our Volunteer army

The carnivals are just not possible without the army of volunteers that take on a variety of roles, and as our Club continues to grow the needs become ever greater.

To the Coaches

You put in so much extra work on the weekdays and weekends and help the Nippers reach their potential. You do it with so much enthusiasm that the groups get bigger and bigger every week.

Boards/ Iron

Anthony Doyle and Justin “Grom” Needham

Swimming

Hayley Hosking, Angus Higgins and Tony Scrivener

Sprints

Andrew “AC” Chandler and Dan Perkins

March Past

Sauna Henty

R & R

Darryl Pope, Henry Vaughan, Robyn Hecker, Glen Patten, Fiona McMillan & Sophie Scrivener

Officials

Officials are an integral part of carnivals. This season saw us having to nearly double our number of officials on the beach and the new five pillar system also meant a greater amount of diligence from all our volunteer officials on the training and checks necessary to take part. Thank you for all those parents stepping out of their comfort zone, who got qualified and got onto the beach as officials to ensure our nippers go to be part of the action.

Media/Photographers

Thank you to our amazing photographers. They spend the carnivals traipsing up and down the beach to capture the images of our kids in action then endless hours are spent editing and posting them, so all the parents have lasting memories for years to come.

Water Cover

To the weekly fluoro orange and green rash shirt wearers, IRB drivers and crew. Water cover remains a real challenge with conditions and Nipper numbers constantly changing, with the Junior Water Cover Captain and Junior Water Supervisors managing the large numbers of Nippers and four separate water cover areas with great skill. Thank you to those that stepped up into these positions and thank you to all that entered the water on the weekends and mid-week training. You were all there to make sure all our kids were safe and encourage them around the cans. And thanks to the water cover volunteers who put their hands up time and time again to do water cover at our carnivals – we couldn’t do it without you all.

Age Group Leaders

Thank you! The job of an AGL does not go unnoticed and this year we had over 30 AGL’s across our six age groups. A special call out to Rosie Hamlin and Olivia Thompson two of our youngest AGL’s working tirelessly with our Under 6’s and Under 8’s respectively. All our AGL’s spend their Saturday afternoons (and more time behind the scenes) developing our kids life saving skills by coaching and encouraging them to do their best in all aspects of life saving. Without them we could not hold our Saturday afternoon trainings nor could our kids compete at carnivals. They are an integral part of our Club and I thank them for taking on the role of an AGL. From pre-season training through to the last event at carnivals it is not always an easy task but definitely one of the most rewarding!

Justin, Ash and Matt – Junior Coach and Under 12 AGLs

Under 6	Meredith Wood, Margot Tisher, Rosie Hamlin
Under 7	Kristy McRae, Peter Taylor, Katie Evans-Rankine, Cieran Stapleton
Under 8	Peta Salier, Arran McMillan, Jeremy Saywell, Kye Mickan, Olivia Thompson
Under 9	Jianna Hudson, Anthony Richards, Nicole Bellwood, April Burdett, Anna Richards
Under 10	Josh Charles, Kelly Connor, Craig Robinson, Zac Cowan
Under 11	Justin Clark, Jamie Clancy, Annette Davies, Tony Scrivener
Under 12	Ash Clarke, Nic Clarke, Matt Salier
Under 13	Shauna Henty, Marnie Rooney, Mark Warriner

Nipper T-shirt Design competition

A fiercely competed design competition once again saw heaps of Nippers showcase their creativity and design skills, vying for the spot of designer of the seasons State Title tops. We could only pick one however and after some challenging judging Miller Salier came out with the winning design.

Miller's winning design – Season 2022-23

Junior Club Captains

Our Junior Club Captains lead by example, mentor younger Nippers, and challenge themselves to be better lifesavers. This season we had under 13 Nippers, Lola Sawyer and Zane Rooney, who epitomised what Seacliff looks for in their leaders. You were all great role models for the younger Nippers at the Club not only on Saturdays but also at the extra weekday trainings. We watched you all develop your leadership skills and grow your confidence over the season. We wish you all the best moving up into the Youth ranks. Now handing over the reins to Ava and Jesse. All your fellow Nippers are excited to watch you two grow in your role.

Ava Richards – Junior Club Captain 2023/24

Jesse Strachan – Junior Club Captain 2023/24

Annual Presentation Night

Once again the presentation night saw Seacliff descend on Bounce Adelaide, a great chance for all the kids to come together celebrate each other's success and of course have a bounce on the trampolines! The night was a raging success with 175 kids including brothers and sisters taking part in the celebration. This year the night went without a hitch and all Age Groups awards and the annual Perpetual awards were presented. Special mention on the night was made by Club RnR Coach Darryl Pope highlighting the RnR squad's improvement over the year and the performance of Alfred Doughty and Angus McRae in the 2 person event at the Surf Life Saving State Championships.

Zane and Alfred – celebrating at the end of the all age relay at State Champs.

Perpetual Trophy Winners

Trophys across the season reflect all aspects of the Nippers season, from supporting the Club and their fellow Nipper through to athletic performance. Once more this year it was a tough process to work through all the awards with so many outstanding Nippers in our Club.

Club Surf Swim “highest number of points”	Oliver Webb – Under 11’s
Club Surf Swim “Youngest swimmer of the mile”	Eli McKee – Under 8’s
R&R Trophy	Angus McRae& Alfred Doughty – Under 11’s
Best Performance at State Titles	Samuel Richards – Under 9’s
Coaches Award	Alexander Gourrege-Clark – Under 11’s
Preston Watch Encouragement award	Georgia Parkin – Under 11’s
Craig Jones Most Improved Swimmer	Kaj Nielson – Under 10’s
Nicholas Mitchell “Best on Beach”	Samuel Richards – Under 9’s
Alan Johns Senior “Best in Water”	Maklin Roadknight – Under 9’s
Terry Keeffe “Quiet Achiever”	Riley Evans – Under 10’s
Best Club Person	Phoebe Warriner – Under 13’s

Under 13’s

We said goodbye to another great group of nearly 25 Nippers this season, many of them having been involved in the program since tiny tots. The close knit group led by Shauna, Marnie and Mark, had a great comradere on the beach and were always there supporting each other through training and competitions. I cant wait to see many of you around the Club in the years to come.

Junior Committee

I would like to say a big thank you to the Junior Committee. Consisting of Arran McMillan (Deputy Chairperson), Byron Down (Secretary and AGL Coordinator), Janelle Scrivener and Kristy Klomp (Come and Try extrodinaires), Justin Needham (Junior Coach), Jess Harrison (Competitions and Carnivals), and Kat Rowe (Competitions and Carnivals). You helped me grapple with the massive role Juniors play in the Club, and had the patience to work through even the most simple of tasks with me over the last two years as Chairperson.

A Final Note and Thanks

I have had the utmost pleasure of serving as the Chairperson for the past two seasons. Witnessing the growth of the Nippers and the Club throughout this time has been a true privilege. For our kids, Nippers provides a platform to develop skills and confidence, enabling them to become the best versions of themselves. Lifesaving, with its vibrant community, offers countless opportunities to make the most of this experience. Whether you enjoy spending time with friends on the beach, assisting your AGL in organizing training for your age group, honing your skills in RnR, or embracing competitive spirit at carnivals, there's something for everyone.

This sentiment holds true for all the incredible parents as well. It was truly inspiring to see another group of parents achieve the "green shirt" qualification in shallow water safety this year. This qualification is invaluable in supporting the army of water cover volunteers we require each week. To each and every one of you who stepped up and volunteered, whether it was for the BBQ, officiating, fundraising, beach setup, or anything in between, your contribution is immensely appreciated. Every bit of time you dedicate adds up, so thank you.

Furthermore, we warmly welcome all the new families who have joined us. Getting to know and converse with you each week has only strengthened my confidence in the future strength of our Club.

As we look ahead to the next season, exciting new ventures await. The Growing Groms and Dash 'N Dive programs, designed to facilitate the transition from Under 7's to Under 8's, will continue to expand. We will strive to improve communication and embrace the ideas that this remarkable community consistently provides.

Lastly, I extend a heartfelt thank you to my family. Undertaking the role of Chairperson demands a significant amount of time and patience, and my own little powerhouse at home deserves immense gratitude. Peta dedicated much of her own time to keeping me and all the Junior committee organised. Even when our living room seemed overrun by paperwork, high-vis tops, and trophies, she handled it all seemingly effortlessly. To my lovely girls, Miller, Zoe, and Morgan, I understand that it can be challenging when Dad isn't able to spend as much time with you on the beach or at training. However, I am immensely proud of how you have shown understanding and always offered to help whenever possible.

I can't wait to see you all on the beach soon.

Matt Salier - Junior Chairperson

Vice-Captain Report 2022/2023

We have had another successful patrol season at Seacliff beach, and it is all thanks to the unwavering commitment of our incredible team. I would like to thank each one of our patrol members for their remarkable efforts and dedication this season. During the 2022/23 season the leadership and support from our Patrol Captains, Vice Captains, Junior Water Cover Captains and Water Safety Supervisors have been instrumental. Without our patrol leaders on the beach every weekend our achievements this season would not have been possible. This season we welcomed nine members into patrol leadership positions, these individuals have embraced their roles with enthusiasm, demonstrating a strong desire to contribute the efficiency of our patrol teams.

Sharyn Paris
Mark Warriner
Sarah Warriner
Henry Vaughan

In total, our members collectively spent a staggering 7153.42 hours patrolling in their red and yellow. 5959.94 of these hours were spent safeguarding Seacliff beach and 1818.25 of these hours were dedicated to water safety, mostly accrued during Junior Water Cover on Saturday afternoons. Throughout this season, our members demonstrated their water safety skills at 18 different events including SLSSA Carnivals and community events. It is terrific that the commitments of our volunteers enable us to continue to support these events.

SLSSA Events

Kozii Enduro
Holdfast Bay Branch Carnival – Seacliff
Junior Carnival 2 – Somerton
Senior Carnival 2 – South Port
Junior Carnival 3 – Glenelg
Senior State Champs Day 2 – Moana
Masters State Champs Day 2 – Glenelg
Junior State Champs Day 3 – Port Noarlunga
IRB Carnival 3 – Seacliff

Additional Events Hosted/Supported

SA Ocean Paddlers Race 1
Ronnie Brooks Memorial Swim
Atlantis Ruth Ziegler Swim
Atlantis Pub-to-Pub Swim
Brighton Jetty Classic
Sunrise School Beach Day
Bronze Bulk Assessment December
Bronze Bulk Assessment February
Suneden Beach Program

Our patrol teams diligently recorded 63 preventative actions, two rescues, and 23 first aid responses. For three of these incidents, our teams worked with the SA Ambulance Service, demonstrating their exceptional teamwork and coordination during an emergency. Our patrol members skilfully responded to a number of incidents involving major injuries, marine creatures, and search and rescue operations.

I would like to recognise the extraordinary efforts of two of our patrol members, Tony Scrivener and Derek Bawden, who this season have demonstrated exceptional skills and courage in responding to major rescues. Both of these incidents were handled with professionalism and outstanding lifesaving skills which speaks volumes to their competence as exceptional patrol members. These incidents serve as a powerful reminder of the importance of our Surf Lifesaving clubs and the impact, we as lifesavers have in safeguarding members of the community.

One of the highlights of the patrol season was the successful organisation of our inaugural Rainbow Beach Day, a vibrant celebration that coincided with World Pride this year in February. This event aimed to honour the diversity of the Seacliff SLSC and the broader community as well as create an inclusive and welcoming atmosphere for all members of the LGBTQIA+ community and their allies. The Rainbow Beach Day was a great symbol of acceptance, diversity, and unity of the Seacliff

SLSC community. This season we also introduced two Pride rescue boards to our asset list. These boards can be seen on patrol each weekend, further showcasing that our Club is a welcoming and accepting environment.

Additionally, in line with the Seacliff's commitment to equality and recognising the invaluable contributions of women in Surf Lifesaving, we proudly continued our tradition of the annual Pink Patrol. This initiative highlights and celebrates the achievements of women within our club and the broader Surf Lifesaving movement.

This season Seacliff SLSC has taken action to install an automated external defibrillator outside of the Surf Club. This life-saving device is accessible to the public 24/7 thus significantly enhancing the safety and well-being of all beachgoers, residents, and visitors to our area. A second publicly accessible defibrillator is set to be installed at the Seacliff Patrol Tower during the off season. I would like to thank Louise Miller-Frost and the Seacliff Beach Hotel Social Club for their invaluable support and providing funds for this initiative. Their commitment to the well-being of our community has enabled us to create a safer and more secure environment for everyone who visits our beach. Thank you also to our Vice President Glen Patten for his work in securing the funds for this vital project.

This season has seen 65 of our members recognised with National Patrol Service Awards, honouring their significant contributions to lifesaving. Another five members have surpassed career patrol hour milestones this season. Their dedication to the Seacliff Surf Club has made a lasting impact on our Community, and we are grateful for your commitment.

National Medals

The National Medal was established by the Commonwealth of Australia in 1975 as one of the original elements of the distinctive Australian system of honours and awards. Initially created as a military recognition award, the National Medal has since branched out into government and voluntary organisations and is now Australia's most awarded civil medal. The National Medal is awarded to individuals on behalf of the Governor-General of Australia, His Excellency General the Honourable David Hurley AC DSC (Retd) and recognises long and diligent service in organisations that are dedicated to protecting life and property at a degree of risk to their members. The National Medal is available to Surf Life Saving Australia volunteers who are eligible and proficient with a minimum of 30 patrol hours each season, who have completed a minimum period of 15 full seasons. This year three Seacliff SLSC members were honoured with National Medals.

David Shaw

Meredith Wood

Heather Burns

Female Youth Surf Life Saver of the Year – Mary Ellis

Mary has stepped up as leader among our patrolling members. She has demonstrated her strong leadership skills, especially among our water safety personnel in her role as a water safety supervisor and a junior water cover captain. Mary has exceeded her rostered commitments by volunteering for hot weather patrols throughout the season, accruing 50 patrol hours over the 2022/23 season. On the weekends Mary actively patrols whether on the beach or in the IRB. She takes advantage of opportunities to continually develop and progress her lifesaving skills. At Seacliff Mary is emerging as a dedicated volunteer and resilient leader.

Male Youth Surf Life Saver of the Year – Jack Bawden

This season Jack has dedicated significant time and effort in upskilling to receive his Silver Medallion IRB Driver award. Now in his new role as an IRB Driver he has volunteered 62 patrol hours for Seacliff this season. Jack has attended many Junior training sessions on Saturday afternoons, especially when we are desperate for water safety. He also completed a patrol as a patrol captain this season under a mentor. The dedication and passion to continually improve and develop his skills has been inspiring to watch this season.

Female Surf Life Saver of the Year – Meredith Wood

Meredith has volunteered above and beyond expectations this season. Her contribution has seen her volunteer for water safety at 9 events this season alongside her junior water cover and patrol commitments, completing 95 patrol hours for the 2022/23 patrol season. Her passion and positive attitude have inspired many to develop their lifesaving skills and to get involved. Meredith is an instrumental support for the patrol and water safety operations at the Seacliff Surf Club.

Male Surf Life Saver of the Year – Derek Bawden

Derek has completed 159 patrol hours for Seacliff this season. On the beach he is a Patrol Vice Captain and leads the way for the younger patrol members on his team. Derek has shown extraordinary commitment through selflessly volunteering with the River Murray flood relief efforts alongside volunteers from other surf clubs and other emergency services. Additionally, he was among the seven South Australian lifesavers selected to travel to Tasmania to undertake swift water rescue training in conjunction with SLS Tasmania and SLS New South Wales. His dedication to expanding his skills and knowledge is an inspiration to us all. Derek's willingness to go above and beyond the call of duty is a testament to his character and embodies the true spirit of surf lifesaving.

Hayley Hosking - Vice Captain

Communications Report 2022/2023

COMMUNICATION IS THE KEY

It's been another busy year at Seacliff SLSC. So many stories to tell, and so many wins at the Club. And of course, it's all about you – the member, without you I wouldn't have anything to communicate. We have several different communication platforms trying to cover all demographics.

Firstly the **Seacliff Surf Life Saving Club website** - [Seacliff Surf Life Saving Club \(seacliffslsc.com.au\)](https://seacliffslsc.com.au)
Juniors manage their own page on the web - [Juniors News – Seacliff Surf Life Saving Club \(seacliffslsc.com.au\)](https://seacliffslsc.com.au)

Then there is the **Bits & Pieces Newsletter** – this goes out weekly during the season, and as needed in the off season.

This is the heart and soul of our Club. Our newsletter has been going for as long as the Club has been around. It is important we continue this tradition. It is not just for Active members, this includes our Sponsors, Life Members, Supporters and where we advertise our bistro specials and more.

We share our news for all disciplines including the patrol roster, training timetable, carnivals, information from instruction, members rep, plus advertise our Sponsors, info from Management, Bistro information, member stories and Club awards and recognition.

Currently there are 697 contacts – it is important you update your email address so we can send to the right person.

Seacliff Surf Life Saving Club

3.4K likes • 3.7K followers

We have our public Facebook page **Seacliff Surf Life Saving Club** - [Seacliff Surf Life Saving Club | Facebook](#) where we share all stories from Surf Lifesaving SA and anything we are tagged in.

Seacliff Surf Club - Active Members

We then have our closed Facebook page **Seacliff Surf Club Active Members** - [Seacliff Surf Club - Active Members | Facebook](#)

We use this platform to communicate essential information to our members - for e.g., volunteers required, information for patrol, carnivals, Aussies, things from the Secretary, fundraising and more as required – this is for active members only and it is important that your name matches your Surfguard membership, or you won't be approved.

For the non-Facebook users we have **Team APP** - <https://seacliffslsc.teamapp.com>

We use team app as a safer way to share information and being transparent under the Child Safety Protection Act. Same rules apply as the active members Facebook. Specific groups have been set up to enable chats and information sharing.

Finally, we have **Instagram** – www.instagram.com/seacliffslsc

Everyone loves a good Insta story or #instastory. This is a bit of fun, a bit of advertising for the Bistro, and lots of current information sharing, awards and more.

Kristie Meier - Communications Officer

IRB Report – 2022/2023

During the past season the IRB drivers and crews have supported both our ability to patrol, and our Nippers during Saturday training with a full complement of resources and assets. The use of these assets is essential for the successful running of the Nipper Program water activities and to provide essential community safety services, in addition to our great array of quiet achievers that don't seek awards or recognition but are there week in week out on Patrol, JWC and events in every capacity.

Throughout the season there have been several combined rescues that involved SAPOL and our SLSSA co-ordinators with Seacliff on the water to assist as needed, demonstrating the key role each Club plays in being rescue ready.

With our new Hulls comes additional maintenance and hands required to not just maintain but prepare our assets for the many events we support over the season which is typically when we dust off 'the general' once more. This is no mean feat, it takes time and effort to strip and clean the IRBs on a regular basis for storage then to set up for events such as Kozii, Atlantic swim, Brighton Jetty Swim, Jnr and Open/Masters Carnivals to name a few, but also our Club Swims where we have increased our IRB cover, particularly early on in the season.

There have been a few stand outs this season, there's always dedication from the old boys but some young blood is coming through, in particular Arran McMillan has continued to support the IRBs in maintenance and always on hand to help, as well as Mary Ellis who was involved in heavy swells for the first time during a rescue and managed herself as crew with great professionalism. Also there was a very much appreciated volunteer who stepped in to tidy the IRB motor room after it got a little bit messy mid-season, Warren Symonds.

It makes a huge difference when there are many volunteers to help with the ongoing preparation and maintenance activities. I would encourage more to come along so when you're a driver or crew you've got that little bit of extra knowledge that could help get the motor started or get it running again, which in turn could help save a life. Next season we will target some motor training to help our crews and drivers with this so keep an eye out for the notifications through the Club.

As we know some of our crews and drivers compete in IRB racing during the off season to keep the hulls warm! It's been a great season so far, again with some young blood coming through in the form of Dylan & Fin Taylor along with Jack Bawden creating a super quick male team, absolutely smashing it in U23s but right in the mix with the Open Mens! Georgia Warriner has been mixing it up in Opens and U23 again and getting great results for her drivers! The future's looking bright and we look forward to more joining the team in the coming season. Although this is a sport, this is an amazing way for our drivers and crews to hone their skills in all conditions with live patients in a controlled manner – I know I'd rather have one of these guys heading towards at high speed in rough conditions than anyone else!

Peter Taylor – IRB Officer

Treasurers Report – 2022/2023 Year End 30th April 2023

The Club's audited operating result, as summarised in the table below.

	2023	2022	2021	2020
Income before depreciation	\$ 125,227	\$ 166,976	\$ 179,970	\$ 229,967

There are a number of balance sheet items not reflected in the P/L that occur throughout the financial year.

- Capital Items Purchased (excluding car repayments)

<u>Item</u>	<u>Spent</u>
Club Entry ramp replacement	\$ 10,250
Alarm System for Club	\$ 12,828
BOS Double Ski	\$ 5,895
Under Bench Freezer	\$ 3,387
CPR Dummies	\$ 3,173
Three Rescue Boards	\$ 4,595
Foamie Boards Juniors	\$ 2,636
H&L Australia - PC Sysnet Server	\$ 2,200
Carpet	\$ 1,507
Oxy Defib Backpack set up for C size	
O2 cylinder	\$ 1,500
Four Second Hand Mals	\$ 2,500
Ice Machine	\$ 631
First Aid Kit Bag	\$ 578
Other	\$ 732
Total	\$ 52412

- Bank Borrowings at 30th April 2023 \$0k, Loan repayments on Club 4WD, \$33,658 remaining including final payment of \$27,792 due 17th March 2024.
- Cash at 30th April 2022 \$551,355. Cash at 30th April 2023 \$539,423
- Commercial operation. Sales of \$1,072,443 achieved. 13% Increase in sales. Profit \$(33,491) improvement 28% over 2021/22. With resignation of the Bistro manager as a Club we can be extremely proud of the Bistro team who went on a journey of improving Bistro operations and the facility. There were many challenges throughout the year including having to move our Club internet to the NBN from ADSL. We quickly realised this was no easy task in the middle of a season with the Club not identified as a separate building to the yacht club and with no NBN connection for us we are very grateful to Kern Wi-Fi who came to the rescue. Kern went above and beyond getting the NBN to recognise the Club and complete the paperwork, and then the owner even came down and helped pull cables into the Club to reduce our costs. Greg Darby from Club sponsor APS Industrial, a regular diner at the club, volunteered to manage the project, moved our telco services to the cloud and assisted in restoring and upgrading our H&L system including an infrastructure upgrade to our network system. With this achieved Tanya Evans (Club Secretary) led a project to improve Club security with a new alarm system. A very effective install and well-run project.

- As acting Treasurer for Financial year ending April 2023, I would like to thank Alan Johns and Tom May for their work on the finance Sub-committee.
- Thank you to Amanda Luetolf this year for her assistance working with me throughout this period. Amanda has been a great support to both the Bistro and the Club throughout.

Gareth Gray - Treasurer

Seacliff Surf Life Saving Club Incorporated

Year Ended 30 April 2023

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

COMMITTEE REPORT

Your committee members submit the financial report of the Seacliff Surf Life Saving Club Incorporated for the financial year ended 30 April 2023.

Committee Members

The names of committee members throughout the year and at the date of this report are:

Jacinta Day (President)	Matt Salier
Glen Patten (Vice-President)	Sarah Warriner
Gareth Gray (Treasurer)	Paul Bastiaans
Tanya Evans (Secretary)	Suzette Gloster
Bly Bayliss	Kristie Meier
Hayley Hosking	Derek Bawden
Vicki Gregory	

Principal Activities

The principal activities of the Association during the financial year were:

- Provision of life saving services to the community.
- Provision of life saving based coaching and training to all club members.
- Operation of bistro and function facilities to both members and the general public.

Operating Result

The deficit from ordinary activities amounted to \$101,464 (2022 deficit \$72,121).

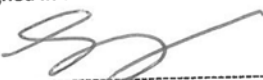

Matters subsequent to the end of the financial year

There were no matters subsequent to the end of financial year.

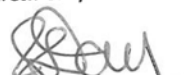

Auditors Independence Declaration

A copy of the Auditors Independence Declaration as required under s.60-40 of the *Australian Charities and Not-for-profits Commission Act 2012* is include on page 2 of this report and forms part of the Board of Managements Report.

Signed in accordance with a resolution of the members of the committee.

Gareth Gray - Treasurer

Jacinta Day - President

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Framework

The Committee have prepared the financial statements on the basis that the association is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and the *Associations Incorporation Act 1985*. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements have been prepared in accordance with the mandatory Australian Accounting Standards applicable to entities reporting under the *Australian Charities and Not-for-profits Commission Act 2012*, the *Associations Incorporation Act 1985*, and the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with those of previous period unless stated otherwise.

Statement of Compliance

Seacliff Surf Life Saving Club Inc, a not-for-profit entity, has prepared special purpose financial statements as, in the opinion of the Committee, it is unlikely there are users of these financial statements who are not in a position to require the preparation of reports tailored to their information needs. Accordingly, these financial statements have been prepared to satisfy the Committee's reporting requirements under the *Australian Charities and Not-for-profits Commission Act 2012*.

New or amended Accounting Standards and Interpretations adopted

The Club has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of Preparation

The financial statements have been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the disclosure requirements of AASB 101 "Presentation of Financial Statements", AASB 107 "Statement of Cash Flows", AASB 108 "Accounting Policies, Changes in Accounting Estimates and Errors", AASB 1048 "Interpretation of Standards" and AASB 1054 "Australian Additional Disclosures", as appropriate for not-for-profit oriented entities.

The financial statements, except for the cash flow information, have been prepared on an accrual basis and are based on historical costs unless otherwise stated in the notes. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise. The amounts presented in the financial statements have been rounded to the nearest dollar.

Accounting Policies

(a) Income Tax

No provision for income tax has been raised as the association is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(b) Financial Instruments

Recognition and Initial Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the club commits itself to either purchase or sell the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

Financial liabilities

Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

Impairment of Assets

At each reporting date, the Committee reviews the carrying values of the Association's assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value-in-use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments.

(d) Revenue

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the incorporated association is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the incorporated association: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(d) Revenue (Cont)

Grants

Grant revenue is recognised in profit or loss when the incorporated association satisfies the performance obligations stated within the funding agreements.

If conditions are attached to the grant which must be satisfied before the incorporated association is eligible to retain the contribution, the grant will be recognised in the statement of financial position as a liability until those conditions are satisfied.

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Sales revenue

Events, fundraising and raffles are recognised when received or receivable.

Donations and bequests are recognised as revenue when received. Where conditions are attached to the donation which must be satisfied before the entity is eligible to receive the donation, the recognition of the donation as revenue will be deferred until these conditions are satisfied.

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

(f) Inventories

Inventories are measured at the lower of cost and current replacement cost.

Inventories acquired at no cost, or for nominal consideration, are valued at the current replacement cost as at the date of acquisition.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(g) Property, plant and equipment

Plant and equipment are measured on the cost basis less depreciation and any impairment losses.

The carrying amount of plant and equipment is reviewed annually by the committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

In the event the carrying amount of plant and equipment is greater than the recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(B) for details of impairment).

Plant and equipment that have been contributed at no cost, or for nominal cost, are recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Useful Life
Leasehold improvements	22 years
Furniture & equipment	3 to 6 years
Motor vehicles	4 years
Powercraft	4 years
Life saving equipment	4 years
Competition equipment	4 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(h) Right-of-Use Assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the association expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The association has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

(i) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(j) Employee Provisions

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The liability for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on corporate bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

(k) Accounts Receivable and Other Debtors

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(l) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Where the association retrospectively applies an accounting policy, makes a retrospective restatement or reclassifies items in its financial statements, a third statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements must be presented.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(m) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period which remain unpaid. The balance is recognised as a current liability with the amount normally paid within 30 days of recognition of the liability.

(n) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the association's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the association's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

(o) Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

(p) Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

(q) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the association for the annual reporting period ended 30 April 2023. The initial assessment of the impact of these new or amended Accounting Standards and Interpretations is that there will not be a material impact on the Association.

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

(r) Critical Accounting Estimates and Judgements

The committee evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.

Estimation of useful lives of assets

The Club determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and finite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

Employee benefits provision

As discussed in note 1, the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability and inflation have been taken into account.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

NOTE 16 - CONTINGENT LIABILITIES

The Club had no contingent liabilities as at 30 April 2023 and 30 April 2022.

NOTE 17 - COMMITMENTS

The Club had no commitments for expenditure as at 30 April 2023 and 30 April 2022.

NOTE 18 - DONATIONS IN KIND

During the financial year the association has received donations in kind through donations of goods, services and volunteer time. The value of donations in kind cannot be reliably quantified and for this reason has not been reflected in the financial statements.

NOTE 19 - EVENTS AFTER THE REPORTING PERIOD

No matter or circumstance has arisen since 30 April 2023 that has significantly affected, or may significantly affect the Club's operations, the results of those operations, or the Club's state of affairs in future financial years.

NOTE 20 - ASSOCIATION DETAILS

The principal place of business of the association is:
Seacliff Surf Life Saving Club
PO Box 29
BRIGHTON SA 5049

SEACLIFF SURF LIFE SAVING CLUB INCORPORATED
BOARD OF MANAGEMENT STATEMENT

In the opinion of the Board of Management the financial report as set out in pages 3 to 19:

- 1) Is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012* and the *Associations Incorporation Act 1985*, and;
 - a) complies with Australian Accounting Standards applicable to the Club and disclosed in Note 1; and
 - b) gives a true and fair view of the financial position of the Seacliff Surf Life Saving Club Incorporated as at 30 April 2023 and of its performance for the year ended on that date.
- 2) At the date of this statement, there are reasonable grounds to believe that the Seacliff Surf Life Saving Club Incorporated is able to pay its debts as and when they fall due.

In accordance with section 35(5) of the *Associations Incorporation Act, 1985*, the Board of the Seacliff Surf Life Saving Club Incorporated hereby states that during the financial year ended 30 April 2023:

- (a) No officer of Seacliff Surf Life Saving Club Incorporated and no firm of which an officer is a member, and no body corporate in which an officer has a substantial interest; has or become to receive a benefit as a result of a contract between officer, firm or body corporate and Seacliff Surf Life Saving Club Incorporated.
- (b) No officer of Seacliff Surf Life Saving Club Incorporated has received directly or indirectly from Seacliff Surf Life Saving Club Incorporated any payment or benefit of a pecuniary value other than those who are employees and remunerated under normal commercial terms.

Signed declaration in accordance with the resolution of the Board and subsection 60.15(2) of the *Australian Charities and Not-for-profits Commission Act 2012*.

Jacinta Day - President

Gareth Gray - Treasurer

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SEACLIFF SURF LIFE SAVING CLUB INCORPORATED

Qualified Opinion

We have audited the financial report, being a special purpose financial report, of the Seaclyff Surf Life Saving Club ('the Club'), which comprises the Statement of Financial Position as at 30 April 2023, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies and the Committee Report.

In our opinion, except for the effects of the matter described in the Basis of Qualified Opinion section of our audit report, the accompanying financial report of the Seaclyff Surf Life Saving Club Incorporated, is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*; including:

- (i) giving a true and fair view of the Club's financial position as at 30 April 2023 and of its financial performance for the year then ended; and
- (ii) complying with the accounting policies described in Note 1 to the financial report and Division 60 of the *Australian Charities and Not-for-profits Commission Regulations 2022*.

Basis for qualified opinion

Trading revenue, which includes bar and food sales, fundraising, sponsorship and donation revenue is a significant source of revenue for Seaclyff Surf Life Saving Club Incorporated. It is deemed impractical to establish control over the collection of trading revenue prior to its entry into the financial records. Accordingly, as the evidence available to us regarding revenue from this source was limited, our audit procedures with respect to trading revenue were restricted to amounts recorded in the financial records. We are therefore unable to express an opinion on whether the recorded trading revenue is complete.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Club in accordance with the auditor independence requirements of the *Australian Charities and Not-for-profits Commission Act 2012* the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Advisory. Tax. Audit.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SEACLIFF SURF LIFE SAVING CLUB INCORPORATED (CONT)

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the committee members financial reporting responsibilities under the *Australian Charities and Not-for-profits Commission Act 2012*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other information

The Committee Members are responsible for the other information. The other information comprises the information in the Committee Report for the year ended 30 April 2023, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. We have nothing to report in this regard.

Committee Members responsibility for the financial report

The Committee Members are responsible for the preparation of the financial report that gives a true and fair view in accordance with the accounting policies described in Note 1 to the financial report and the *Australian Charities and Not-for-profits Commission Act 2012* and is appropriate to meet the needs of the members. They are also responsible for such internal control as they determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee Members are responsible for assessing the Club's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee Members either intend to liquidate the Club or to cease operations, or have no realistic alternative but to do so.

Advisory. Tax. Audit.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SEACLIFF SURF LIFE SAVING CLUB INCORPORATED (CONT)

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

- As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Club's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by those charged with governance.
- Conclude on the appropriateness of the Committee Members use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Club's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Club to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
