- b. Words denoting the singular include the plural and vice versa.
- c. A reference to a person or entity includes a natural person, a partnership, corporation, trust, association, unincorporated body, authority or other entity.
- d. Headings and the table of contents (if any) are for convenience only and do not affect interpretation.
- e. Where a word or phrase is defined, its other grammatical forms have a corresponding meaning.
- f. A reference to any document is a reference to that document (and, where applicable, any of its provisions) as amended, novated, supplemented or replaced from time to time.
- g. A reference to a party to this document includes that party's executors, administrators, successors and permitted assigns.
- h. A reference to any legislation or legislative provision includes any regulations or other delegated legislation or instruments made or issued under it and any consolidations, amendments, re-enactments or replacements of it and them and any of them.
- i. The word "including" is not to be treated as a word of limitation.

2. OBJECTIVES OF SEACLIFF

Seacliff SLSC is a charitable service provider of emergency services. The objects for which Seacliff SLSC is established are to:

- a. Participate as a member of a single uniform entity through and by which surf life saving and the preservation of life in the aquatic environment within South Australia can be conducted, promoted and administered.
- b. Conduct, promote, advance and control the work of surf life saving in the Area of Control, its many aspects devoted to aquatic safety and management and the preservation of life in the aquatic environment.
- c. Produce, develop, create, licence and otherwise exploit, use and protect the Intellectual Property.
- d. Cooperate with any organisations in improving methods of life saving (whether in aquatic environment or elsewhere) and the securing of public recognition and financial support for Life Saving Institutions.
- e. Strive for Governmental, commercial and public recognition of SLSSA as the authority on aquatic safety and management within South Australia.
- f. Draft and promulgate such rules as may be necessary for the management and control of surf life saving and related activities and the preservation of life in the aquatic environment and so far as local conditions permit, secure uniformity in such rules.
- g. Extend the operations and/or teachings of SLSSA within the Area of Control.
- h. Further develop surf life saving into an organised institution and with these objects in view, to foster, regulate, organise and manage examinations, competitions, displays and other activities and to issue badges, medallions and certificates and award trophies to successful members.
- i. Ensure that environmental considerations are taken into account in all surf life saving and related activities conducted by Seacliff SLSC.
- j. Formulate or adopt and implement appropriate policies, including in relation to member protection, sexual harassment, equal opportunity, equity, drugs in sport, health, safety, junior and senior programs.
- k. Promote the health and safety of Members and all other users of the aquatic environment and seek and obtain improved facilities for their enjoyment.
- l. Encourage Members to realise their potential and athletic abilities by extending to them the opportunity of education and participation in surf life saving activities, regardless of gender or age, within the limits of membership categories.
- m. Encourage and promote performance enhancing drug free competition/environment.
- n. Recommend and support awards to Members and others, in honourable public recognition of hard and meritorious rescues from the sea, deeds of exceptional bravery from time to time performed in the course of life saving and other distinguished services and acts.
- o. Recommend and support where appropriate, recognition for Members to obtain awards, civil honours or public recognition for services to surf life saving or other fields of endeavour.
- p. Promote uniformity of laws for the control and regulation of the aquatic environment and to assist the authorities in enforcing these laws.
- q. Effect such purposes as may be necessary in the interests of surf life saving and the aquatic environment.
- r. Enforce the observance of the policies, rules and regulations and written directions from time to time of SLSSA and SLSA, deal with any infringement thereof, and adjudicate upon all disputes and difficulties between Members.
- s. Act as arbiter on matters pertaining to the conduct of surf life saving in the Area of Control, including disciplinary matters, and refer matters to SLSSA, as appropriate.
- t. Represent the interests of its Members and of surf life saving generally in any appropriate forum.
- u. Have regard to the public interest in its operations.
- v. Undertake or do all such things or activities as may appear to Seacliff SLSC to be incidental or conducive to the advancement of these objects and to conduct the affairs of Seacliff SLSC in a way that strives to attain a surplus cash position.

3. POWERS OF SEACLIFF SLSC

Solely for furthering the objects set out above, Seacliff SLSC has the powers set out in section 25 of the Act, including the power to:

- a. Acquire by purchase, exchange or otherwise, whether for an estate in fee simple or for any less estate, lands, tenements or hereditaments of any tenure whether subject or not to any charges or encumbrances and to erect, replace, maintain, reconstruct, adapt and furnish any offices or other buildings thereon and to sell, let, alienate, mortgage, charge or deal with all or any such lands, tenements or hereditaments or any part of them.

- Patrol Swaps shall be arranged via the 'Patrol Swaps' group on Team App.
- Patrol Swaps can only occur between members with the same Patrol positions. Unless approved by the relevant Patrol Captain or the Vice Captain. (i.e., A rostered ART Operator must only swap Patrols with a member who is also an ART Operator.)
- Both parties of involved in the Patrol Swap must notify their Patrol Captains of the swap at least one week in advance.

In the instance that a member is absent from a Patrol without notifying their Patrol Captain and arranging a Patrol Swap this shall be communicated to the Vice Captain.

- The Vice Captain shall work with the patrolling member to arrange a make-up patrol to ensure there is no deficit between rostered patrols and completed Patrols.

Club Competitions

Purpose

To define internal club competitions and associated rules

Procedure

The following events are considered Club Competitions:

Surf Races

These events shall be conducted weekly during the season at times advised in the season's program under the supervision of a Handicapper appointed by the Captain.

All patrolling members shall be encouraged to complete a minimum of four (4) surf races during a season. Points shall be awarded for each race, except the Seacliff to Brighton and Club Championships, as set out for the following sections:

Junior	Under 15	Under 17	Under 19
Open Male	Open Female	Over 30	Over 40,
Over 50	Over 60		

and trophies shall be awarded for the highest points in each section at the end of the season.

Each member may only compete in one section to be nominated by the member prior to their first race of the season. They cannot compete in any other section.

Points shall be allotted to financial members only. The member shall be entitled to one point for the first race in which he competes each season. A handicap will apply after the completion of the member's first surf race.

Points for surf races:	1st	six points
	2nd	four points
	3rd	two points

All other competitors completing the course shall be awarded one point.

Members rostered for patrol shall be allotted one point towards the surf race aggregate. Any substitute on patrol is not entitled to this point.

Any ties for first placing in the overall point score will be determined by the greatest number of first placing, then in succession, to second and third placing's.

800 Metre Races

Two (2) 800 metre races shall be conducted during the season, one being the surf race immediately prior to Christmas and the other as programmed. They shall be conducted over a course parallel to the shore.

Points for these races shall be scored on the same basis as for surf races and shall be added to the score of points scored in surf races.

Members shall be handicapped for the 800 metre races by the Handicapper.

Seacliff to Brighton Swim

Shall be conducted annually over a course from opposite Wheatland Street to the Brighton Jetty and may be in either direction as decided by the Captain. It shall be held at a date and time to be programmed.

The race shall be open only to financial members who have completed at least three (3) surf races and one of the 800 metre races in the same season.

Any member not fulfilling any of the above requirements may nominate; however, a written request for exemption, stating reasons, must be made to the Captain at least seven (7) days prior to the event.

Only members allotted a handicap by the Handicapper shall be permitted to swim.

Points shall not be allotted towards any other Club trophy from this swim.

Club Championships

The Club Championships shall be conducted by a person or persons appointed by the Captain, herein referred to as the Organisers.

To be conducted over nine sections:

1. Under 15 Male & Female
2. Under 17 Male & Female,
3. Under 19 Male & Female,
4. Female,
5. Open,
6. Over 30,
7. Over 40
8. Over 50.

Club Championships are only open to financial members who hold the appropriate awards.

Competitors must nominate the section in which they wish to compete prior to the commencement of the event.

They cannot compete in any other section.

There shall be a minimum of three in any section before it is held.

Points shall be allotted for errors and the person scoring the lowest number shall be declared the champion.

The competition shall be conducted over the following sections and any persons not completing all sections required for their category shall be disqualified:

- Beach Sprint - all sections
- Tube swim – all sections
- Swim - all sections
- Board Paddle - all sections
- Ski Paddle - all sections except U17
- Theory questions - all sections
- One Person Assessment- all sections
- Resuscitation - all sections

Points shall be awarded as follows:

- Beach sprint - .10 per 1/10th second after the fastest time.
- Tube swim - .02 deduction per second after fastest time.
- Swim, board & ski - .02 deduction per second after fastest time.

Questions - each question has a value of 0.5 with a total of 20 questions.

One Person Assessment- major faults 2 points, minor faults 0.2 point.

Resuscitation - maximum 2 point deduction.

All theory questions will be multiple choice taken from the current training manual, and one person assessment and resuscitation will be as per the current training manual.

All events shall be conducted over courses as prescribed in Association Competition Manual.

The organisers shall have sole adjudication on matters pertaining to the Club Championships not covered by these By-Laws.

TROPHIES

The following trophies shall be awarded annually -

- Surf Races - to the highest aggregate points in each section - a trophy as designated and a medal to the second and third place getter.
- Seacliff to Brighton Swim - 1st, 2nd 3rd fastest time male, fastest time female, youngest competitor, oldest competitor.

SEACLIFF SLSC STANDARD OPERATING PROCEDURES
Aussies Team Manager(s) Guidelines

Background:

Each club travelling to the Australian Surf Life Saving Championships will have a team manager appointed by the club, it is a compulsory for each clubs' team manager to attend the Team Managers Briefing or the club will be ineligible to compete. It is an important role that involves taking on a high level of responsibility and also commit a lot of time and effort to ensure that things run smoothly for the club during the event. When there is high numbers of members and supporters from Seacliff SLSC attending it may be favourable to have more than one team manager to share the role. The team manager must sign a declaration on behalf of the club as outlined by SLSA.

Team Manager Roles and Responsibilities:

- Be responsible to the club and SLSA for the conduct of all their team members in travelling to, during and returning home from the event.
- Make sure that if there are separate travelling parties from the main group of the club then a sub-manager be appointed to look after the separate groups.
- Exercise control over the clubs' team and ensure members conduct and appearance does not have any adverse bearing upon the good name of their club or SLSA.
- Ensure that all team members abide by the rules and code of conduct of the event as outlined in the current Surf Sports Manual, Bulletins and Circulars
- Be aware of all current Circulars and Bulletins leading up to the event and pass on all the relevant information to members planning on attending.
- Make sure the club meets its Water Cover obligations as outlined in the current Powercraft Circular leading up to the event.
- Order and pick up hi-vis vests for all members and distribute at the beginning of the event.
- Attend all Team Manager Briefings and pass on all relevant information to all members during the event.
- Make sure that there are representatives from our club available across all competition areas to attend any Official's Briefings on site and then pass on the information to members.
- Organise club dinners for members and supporters during the event.
- Be responsible for fundraising.
- A Sub-Committee to be appointed as soon as possible before Aussies competition.
- Responsible for Aussies Merchandise, equipment and transport.

SEACLIFF SLSC STANDARD OPERATING PROCEDURES Seacliff Club Craft Conditions of Use
--

We encourage members to use club boards and skis however the following must be adhered to at all times.

All club boards and skis can only be used:

- by Club members who hold their Bronze/SRC
- by others under the direct supervision of a Seacliff SLSC appointed coach.
- when a proficient patrolling Club member with a Bronze accepts responsibility for the person using the craft and provides supervision.

Craft must be used by the relevant age:

- U13's and below are not to use a mal or ski (unless approved by a Seacliff SLSC appointed coach)
- U10 and below are not to use fibreglass nipper boards (unless approved by a Seacliff SLSC appointed coach)

If juniors are using club craft, a proficient, patrolling Bronze holder must be in the water in line of view of the user.

When providing supervision, you must have zero alcohol in your system and not be under the influence of any drugs that can effect decision making.

Craft should be fully inspected prior to use. Do not use damaged craft. Report damaged craft to the coach supervising at the time.

All craft needs to be washed down with fresh water after use and put away.

SEACLIFF SLSC STANDARD OPERATING PROCEDURES

Toyota Hilux 4x4 Conditions of Use

PURPOSE

To ensure the vehicle is used safely & to ensure members who use the vehicle use it correctly, safely and in the best interest of Seacliff SLSC.

The vehicle is also used by the Lions Club of Brighton, on a rostered arrangement that has been agreed with the Management Committee and is reviewed annually (at the start of each season).

PROCEDURE

General safety and maintenance checks (in accordance with manufacturers guidelines) should be carried out on a regular basis. This includes checking lights, tyre pressure, brakes, steering, fuel and oil levels and that all rescue equipment is fastened safely.

PRIOR TO USING THE VEHICLE

- Undertake a safety inspection to ensure everything is in working order.
- Complete all sections of the Users logbook in the glove compartment & sign where indicated.
- If you are towing a club craft trailer, ensure you check the brake/indicator lights are working correctly and the mechanism to secure is correct.

RETURNING TO THE ROAD FROM THE BEACH

- Tyres must be re-inflated prior to driving on road, if deflated during use on the beach.
- Disengage 4WD prior to driving on the road.

WHEN THE VEHICLE IS RETURNED

- Complete all sections of the Users logbook.
- Return the vehicle to a suitable car park.
- Remove any belongings.
- Clean the vehicle thoroughly, including hosing down underneath to remove sand/salt.
- Return the keys to the identified area.

GENERAL

- This vehicle is not to be used to conduct roving or surveillance Patrols however if the ATV is non-operational or there are no other appropriate means of transport, it is permitted to be used for essential lifesaving operations.
- City of Holdfast Bay Council Ordinances on beach operations shall always be observed, particularly with regard to the speed limit.
- Lifesaving Vehicles must abide at all times with speed limits and all relevant laws and regulations relating to vehicles (including registrations, speed, seatbelts, red- lights, parking). Lifesaving vehicles are not exempt from any fines and infringements, including during emergencies. Vehicles operating on-beach shall minimise speed.
- Headlights and hazard lights shall be operating at all times whilst the vehicle is operating on the beach.
- The Club shall gain council/police permits for all club vehicles being used on the beach. Council permits are to be clearly displayed on the vehicles.
- Interstate toll passes must be organized prior to travel.
- Remember the vehicle is high profile. Always be conservative and considerate when driving on the beach.

ACCESS – APPROVED USERS

- The vehicle is only to be used for approved operational activities & drivers must hold a full valid & appropriate drivers licence & have experience towing (if relevant).
- Drivers must provide a copy of their current drivers licence and acknowledge receipt of this SOP by completing the Driver Declaration on Page 3, and returning it to the Club Captain or Secretary.
- There is a logbook in the glove compartment of the vehicle which must be completed for every use.

EWHS & PERSONAL SAFETY

The Management Committee takes member safety very seriously. As such, the following requirements must be adhered to:

- Any injuries or close calls must be reported to the Club Captain or Secretary.
- All users must wear the seatbelt at all times.
- Maximum 5 people with seat belts to ride in the vehicle.
- Children must be restrained according to the State requirements.
- Never operate the vehicle under the influence of drugs or alcohol.
- In case of a break down or emergency contact the Club Captain or Secretary.

MAINTENANCE

Any damage to the vehicle, including incurring an expiation notice, speeding fine or encounter with the police and/or Council must be reported immediately to the Management Committee, in writing (via email to the Secretary) within 24 hours of the incident. Failure to comply may result in the withdrawal of access.

GENERAL TIPS

The following information gives general advice on the safe use of 4WD Vehicles during normal Lifesaving service operations.

- Wide shelving beaches indicate firm packed sand and good driving conditions.
- Steep short beaches indicate soft sand and hard going driving conditions,
- Avoid excessive use of engine power and wheel spinning.
- When stopping on the beach always stop above the high-water mark with the vehicle facing downhill.
- Never fight the steering wheel when in loose sand or when in someone else's tracks always provide gentle guidance and let the vehicle find its own way.
- Always try to make the largest or sharpest turn on the downhill slope.
- At times it may be necessary to drive through saltwater however this should be kept to a minimum.

INSTRUCTIONS FOR IF YOU ARE BOGGED

- Check that you have correctly engaged 4WD.
- Check the vehicle tyre pressure is appropriate for the sand conditions and adjust if necessary.
- Take note to reinflate tyres where required after beach driving.
- Rock the vehicle forwards and backwards by alternating between forward and reverse gear at an idle and low range.
- Don't over rev the engine and don't allow wheel spin.
- If this fails, dig away front and back of the wheel and anywhere it is caught under the body. Drive the vehicle out being careful not to over rev and spin the wheels, the vehicle should come free on the first attempt.

Surf Sport Academy

Objective

Develop South Australian surf sport athletes by providing logistical and entry fee support to enable opportunities for surf athletes to compete interstate or overseas against the best athletes wherever that may be. In addition, the academy is endeavoring to provide South Australia athletes access to the best level of coaching and tuition in order to improve their overall surf skills. The Surf Sport Academy is incremental to normal club activities and fundraising.

Funding for the Academy is via sponsorship, grants and fundraising raised by the committee members only. Spending of Academy funds is by direction of the Seacliff Surf Sport Academy committee in accordance with its objective.

The Academy cannot at any time spend more money than it has raised.

The Seacliff Surf Life Saving Club will keep Academy funds in its bank account and funds will be subject to normal audit and financial oversight.

The Academy will establish itself in appearance only as a standalone entity and other than finance with its own functions including but not limited to media and merchandise.

Committee Members

Three members are appointed for a period of four calendar years from 1st August 2022 as members of the committee.

Removal of these members in the four years will be by resignation by the individual member or a two third vote of the club management committee.

Management Committee appointment: The Seacliff Surf Life Saving Club, management committee will every year in December appoint one person to sit on the Academy Committee to ensure the committee is being managed in accordance with its objective. This member will have a veto vote on all financial spending decisions. In the event of a veto vote the matter will be brought to the Club Management Committee for consideration and voting.

These four members are to be known as the "Committee" and must hold a membership of the Seacliff Surf Life Saving Club.

In the event of a resignation or termination from the Committee the Seacliff Surf Life Saving Club, Management Committee can appoint another member by a majority vote.

The Academy Committee may but not mandatory appoint up to four additional voting members annually on the 1st August including a secretary, general representative, special purpose representative and media manager. Their term shall be for one year from appointment.

After four years other than the Management Committee elected member who is appointed in December the Academy Committee will be elected at the Seacliff Annual General Meeting biannually.

The Academy can be terminated anytime by a 2/3 vote of the Seacliff Surf Life Saving Club, Management Committee. In the event of a termination all funds raised by the Academy and not spent by the Academy will be donated to the National, Surf Life Saving Foundation.

SEACLIFF SLSC STANDARD OPERATING PROCEDURES

Nipper Selection Policy

1. Objective

The objective of the Seacliff Juniors State Titles Teams Selection Policy (the Policy) is to ensure the best possible teams are selected to represent Seacliff SLSC in the South Australian Junior State titles, with the goal of maximising team performance and results at the State Title Championships. In the interests of all Seacliff SLSC nippers, parents, Age Group Leaders (AGLs), coaches and other interested individuals, this policy serves to provide guidance and transparency to the selection process of Club teams.

2. Eligibility

All athletes wishing to be considered for selection must meet relevant conditions of Section 2.2 of the Competition Eligibility of the SLSA Surf Sports Manual (Current Edition).

- Junior members (via their parent/guardian) are responsible for ensuring that they are “financial” members i.e., they have completed the applicable annual membership form(s) and paid annual Club membership fees.
- All junior members (via their parent/guardian) wishing to compete are responsible for ensuring that they have paid the required nomination fees.
- The nomination fees must be paid in full prior to any member being entered in any competition events.
- As per SLSSA Policy, Junior members must have competed in at least one Junior Carnival to be eligible to compete at State Titles.

3. Selection Policy Scope

This policy applies to all Nippers (U8-U13) who wish to compete in team events at the South Australian Junior State Titles including:

- Single-discipline/Single-age Events:
 - Swim Teams
 - Board Relay
 - Beach Relay
 - Wade Relay (U8-10)
- Multi-discipline/Single-age Events
 - Cameron Relay
 - Brace Relay (U11)
 - Board Rescue (U12-U13)
- Single Discipline/All-age Events:
 - All-age Beach Relay
- Multi-discipline/All-age Events:
 - All-age Taplin Relay

This policy does not cover selection of individuals for:

- March-past
- R&R

4. Selection Process

4.1 Team Selection Responsibilities

The persons responsible for team selection are:

- Preliminary selections - Nipper Age Group Leaders (AGLs).
- Selection advice, guidance, adjudication, and review - Nipper Coaches appointed to the Junior Committee.
- Confirmation of Changes (if required): - The Junior Sub-committee.

4.2 Selection Process

- AGLs shall select competitors in accordance with the final team composition requirements of the event as defined in the Surf Sports Manual.
- Where an age group has multiple AGLs, all AGLs should participate in the team selection process and a majority decision is required by the AGLs to select team members.
- In the event of a split decision and an inability to reach a consensus, the decision shall be referred to the Junior Committee appointed Junior Coaches for support, advice and if necessary, adjudication of a selection decision. Referral to the Junior Coaches must include relevant supporting information (i.e., results history and other relevant considerations for/against the selection of an individual).
- All team selections will be reviewed by the Junior Coaches appointed to the Junior Committee. Any team selections deemed misaligned to the criteria and principles outlined in this policy may be reviewed and altered prior to submission of entries. Any potential team selection alterations by the Junior Coaches shall be discussed with the relevant AGLs for insight into the rationale for perceived policy deviation prior to submission of any altered entries.
- Any selections altered by the Junior Coaches that are not endorsed by the AGL(s) shall be reviewed and endorsed by the Junior Committee prior to being confirmed. The decision of the Junior Committee shall be final.

4.3 Selection Criteria and Principles

- Selection of teams shall be based predominantly on each competitor's performances and results from Junior Saturday Training, Carnivals and Club Championships.
- Performances in the latter half of the season (i.e., after the Christmas Break) should carry a greater weighting than pre-Christmas performances in the selection process. Similarly, performances and the trending of results should be considered over a period of time, not on a single event or training session.
- Each competitor in an age group shall be ranked by AGLs for each competition discipline (Swim, Board, Sprint, Wade) to facilitate team selection according to the above principles.
- Generally, team selections shall be premised upon putting the best team on the start line. This means the team composition with the highest probability of finishing an event in the highest possible finishing position.

4.3.1 Event Specific Selection Principles

Single Discipline and Age Events (Swim Teams, Board Relay, Beach Relay, Wade Relay) must be selected based upon the determination of the relative descending ranking of competitors as outlined in 4.3 point 4 above. For example, the top swim team must be comprised of the top four ranked swimmers, the second team the next four and so on.

Note: Whilst encouraged at carnivals for trialing of combinations, team building, encouragement and growth of individuals etc - levelling teams for single discipline events by spreading the highest ranked competitors across different teams is not permitted at Junior State Titles, unless a compelling case exists to do so. It should be noted that the performance of teams at carnivals relative to other clubs is not a reliable indicator of potential State Titles performance. I.e., other clubs may be levelling teams or for whatever reason may have not fielded their best team at carnivals.

Multi-Discipline/Single-Age Events (Cameron Relay, Brace Relay, Board Rescue)

Cameron Relay: Selections for the Cameron Relay should principally be based upon the relative ranking of competitors, with the highest ranked competitors in each discipline in one team and the next highest ranked competitors in the next team and so on. However, given the complexity of fielding multiple teams other factors must be considered as described below. These considerations are described from the perspective of selecting the top team first, then iterating through the pool of available competitors to select the second and subsequent teams:

a. Swimmer: Highest ranked available competitor (selecting swim leg first).

b. Board: Highest ranked competitor. If the highest ranked board paddler is also the highest ranked swimmer, that competitor should be placed in the swim leg on the basis that the swim leg generally has the highest impact on overall team performance (as it takes the longest and translates to larger margins during transitions). In this case, the next highest ranked board paddler should be allocated to the board leg.

c. Runners: The run leg of the Cameron relay is generally the least influential on the event outcome, however in circumstances of close racing the run leg can be very influential on the outcome. Preferably (and in fairness to those individuals), the top team would also contain the highest ranked runners (those not already utilised for the board and swim leg in that team). It is however acknowledged, that scenarios may arise where the highest ranked runners would be the optimal selection for the swim and/or board leg to create a competitive second team (or even to create a second/third team at all). In this scenario a judgement should be made considering the following factors. AGLs are encouraged to discuss these considerations with competitors, Junior Coaches, and parents:

- Running performance difference and impact: What is the likely difference in performance between using the highest ranked runner in the top team vs an alternate runner. i.e., are they very close in running performance (low impact) or significantly different (potential high impact on team performance in a close finish).
- Anticipated competitiveness of the second team: What is the likelihood that taking the top ranked runners out of the top team for the swim or board leg of the second team would result in a top 6 finish of the second team. For example, a good predictor is whether the swimmer is a top 6 individual swimmer.
- Personalities involved. Selectors need to ascertain whether taking those runners out of a higher team would have a negative impact on the individuals broader outlook on surf lifesaving outlook and/or perception of fairness. This may require frank discussion with the competitors, parents and Junior Coaches if necessary. E.g.
 - Merited selection: “I trained hard, and my results show I deserved a spot in the top team”.
 - Discipline Preference: “I love the board leg; I’d rather paddle the board in the second team”.
 - Take one for the team: “I’m happy to maximise the performance of the second team in a water leg and forgo a run leg
 - position in the top team”.

Brace Relay (U11 Only): Selections must be made based upon the determination of the relative descending ranking of competitors as outlined in 4.3 point 4. The highest ranked swimmer must be paired with the highest ranked board paddler for the top team (selecting swim leg first as typically more influential on result). Subsequent teams shall be comprised of the next highest ranked available swimmer and board paddler and so on.

Board Rescue (U12 & U13): Preliminary selections for Board Rescue are identical to that described for Brace Relay above. Following preliminary selections, consideration shall also be given to the practical compatibility of the paired competitors with respect to their ability to paddle effectively as a pair as judged in training and carnivals. AGLs are encouraged to seek advice from the Junior Coaches if uncertain about the compatibility of paired competitors.

All Age Events:

All Age Beach Relay (Gender Specific): Selections for the All-Age Beach relay shall be comprised of the highest ranked male and highest ranked female competitors in the beach sprint from each age group.

All Age Taplin Relay (Mixed Gender): Selections for the All-Age Taplin relay shall be comprised of the highest ranked male and highest ranked female competitors from each age group in the disciplines designated for that age group and gender.

4.4 Further Selection Criteria and Team Alterations

In the final selection of teams up to the point of marshalling, consideration may also be given to the following factors:

- Current level of skill and physical fitness (where relevant) given the conditions on the day of the event.
- Current or potential injury or conditions, which may impair, inhibit or prevent performance.
- An individual competitors’ personal “workload”/program at Junior State Titles.
- Ability to operate in a team environment with fellow competitors, coaches and officials and related exhibition of a sound sportsmanship.
- Bereavement or family matters that disable the athlete from meeting other selection criteria.
- Other factors considered relevant in the circumstances.

Seacliff SLSC All-Terrain Vehicle (ATV) Operation Induction Guide

Purpose

This document outlines the skills and knowledge required to operate an All-Terrain Vehicle (ATV) in SLS operations. The Seacliff SLSC ATV Operator Induction is used to train and approve members to safely operate the Seacliff ATV.

Prerequisites

To commence the ATV Induction candidates must meet the following prerequisites:

- Be a current member of Seacliff SLSC
- Hold a valid Provisional or Full Australian Drivers Licence

Who can conduct the ATV Induction

- Proficient Seacliff SLSC Training Officers who are ATV Operators
- Proficient Seacliff SLSC Patrol Captains who are ATV Operators

Tasks to complete

- Conduct pre-operational duties (ATV Operator Induction Checklist)
- Operate the ATV (ATV Operator Induction Checklist)
- Conduct post-operational duties (ATV Operator Induction Checklist)
- Complete the Driver Declaration
- Add Drivers Licence details to SLSA Members Area account

ATV Code of Conduct

Purpose

This Code of Conduct specifies requirements for All-Terrain Vehicle Operators as used in lifesaving operations settings.

Act Responsibly with Care and Professionalism

The ATV operator has a responsibility to the patrol, the community and the organisation to act in a responsible and considerate manner before, during and after the operation of the ATV. ATV operators are required to respect the coastal environment, ensuring that minimal impact is made on the environment by keeping to established trails where possible.

Promote a Culture of Safety

ATV operators must maintain the safe operation of the ATV, safety towards the public and themselves. ATV operators must understand their role in assessing risk while operating the vehicle. Promote safety at every opportunity.

The ATV is High Profile

ATV operators must understand that ATVs are regarded as 'high profile' as they attract significant public attention. They are a large, powerful and potentially unstable and hazardous piece of equipment and must be treated with the utmost respect. ATV operators are responsible for maintaining a good public image and observing safe driving techniques at all times. The speed, noise, power and smell of the vehicle can be both annoying and frightening. Respect the right of the public to enjoy their time at the beach.

Understanding your Limitations

ATV operators must respect and understand their limitations, the operating environment and the capabilities of the ATV. The ATV operator is responsible for operating within their skill level.

Following Operating Procedures

Follow the normal operating procedures as laid down by the Seacliff SLSC ATV Induction Guide. ATV operators should make themselves aware of relevant laws that govern the use of the ATV within the local environment. ATV operators must hold a valid Provisional or Full Australian Drivers Licence. Read and understand standard operating procedures to keep up to date with current issues. ATV operators have a responsibility to ensure the continued successful operation of this rescue service to the community.

REMEMBER – SAFETY FIRST

Roles and Responsibilities

Why does Surf Life Saving use ATVs?

Safely move and tow heavy gear and equipment (e.g., IRBs, trailers)
Effectively and proactively patrol large distances (roving patrol)
Quickly reach people in distress

What is your role as an ATV Operator?

The ATV Code of Conduct outlines your role and responsibilities as an ATV Operator. The list below provides a summary:

- Act responsibly, with care and professionalism
- Promote a culture of safety
- Always wear appropriate Personal Protective Equipment (PPE)
- Understand your limitations
- Follow operating procedures and manufacturer's guidelines.
- Tread lightly – Minimum impact on the environment.

What policies and guidelines do you need to be familiar with?

- SLSA Powercraft Code of Conduct
- ATV Code of Conduct
- Seacliff SLSC ATV Induction Guide

Laws & Regulations

The ATV is an off-road vehicle and therefore is not designed and is not safe for street or highway use. The only public road the Seacliff SLSC ATV can travel on is the Esplanade between the Seacliff SLSC and the Seacliff Boat Ramp.

Risk Awareness

Knowing the Hazards

ATV are an effective lifesaving vehicle provided that operators understand the risks involved in its use and take measures to avoid hazardous situations. Knowing the vehicle's capabilities is essential to taking steps to avoid injury and damage. The most common causes of accidents are:

- Poor decision making
- Lack of appropriate skill levels
- Excessive speed
- Towing excessive and/or unstable loads
- Unstable/unpredictable terrain e.g., sand
- Obstacles e.g., fallen branches
- Poor visibility e.g., bright sunlight

Operating the ATV

Speed Limits

The ATV should not exceed 20km/h under normal operating conditions. The speed limit for heavily populated areas and between the red and yellow flags is 5km/h. It is the operator's responsibility to evaluate the environment to determine a safe and appropriate speed within these limits.

2WD and 4WD

The 4WD function should only be engaged when necessary, on soft surfaces e.g. soft sand at boat ramp.

Towing

When towing with an ATV the following points should be remembered:

- Never tow an object greater than 350kg.
- Connect to the towing point of the vehicle only.
- Never tow on steep or slippery surfaces e.g., slippery boat ramps.
- Never tow objects with people on board.
- Use correct technique when lifting and hitching objects to tow.
- Always keep your vision in the direction of travel.
- Allow for the trailer's tendency to 'cut-in' on corners and curves.
- Use the accelerator, brakes and steering smoothly and gently at all times.
- Use low gear when driving downhill to increase vehicle control and reduce strain on brakes.

Tread Lightly

Being a responsible ATV Operator requires a combination of self-preservation as well as protecting the environment. It is your responsibility to avoid accidents by driving within your skills and at safe speeds as described in the policy. Setting a good public image is also important and observing the correct speeds and limiting unsafe manoeuvres will portray a positive image.

The best way to protect our environment is to stay on established trails. Using marked trails or driving over tyre marks already in the sand (where possible) limits any potential damage to the beach and reserve.

ATV Equipment

Onboard Equipment

The SLSA ATV Policy provides details of the equipment that should be carried on the ATV. Onboard equipment must be checked before ATV use to ensure they are still secure. The necessary equipment shall include:

- Radio
- 2 Surf Rescue Boards
 - 1 Rescue Tube
- 1 Spinal Board
- Blue Box
- Blue Bag with Oxygen Kit, First Aid Kit and Defibrillator
- Red Bum Bag
- Asthma Bum Bag
- Binoculars
- Swim Fins
- Last known location marker
- Load Hailer
- Sharps Container

Maintaining the ATV

Refuelling

The ATV should be refuelled when it is below half full to ensure its preparedness. Refuelling should occur in a well-ventilated outdoor area off the beach and away from the public. It is recommended to refuel at the back of the Seacliff SLSC on flat ground after washing the ATV. The following points must be adhered to when refuelling an ATV:

- Do not overfill the tank
- Do not carry extra fuel in the ATV
- Ensure a fire extinguisher is available
- Never refuel near open flames
- Never refuel near a person who is smoking, using a mobile phone or radio
- Always clean up spills, including any fuel spills in the vehicle
- Always store fuel in yellow fuel cabinet located in IRB shed
- ATV fuel is kept in a red jerry can marked 'ATV fuel'
- If you empty the jerry can tell the IRB Captain

Reporting Damage and Faults

If damage or faults are identified, they must be immediately reported to the IRB Captain. If it is suspected that the fault or damage will affect the safety of operations, the ATV will be tagged accordingly must not be used until repaired. If they ATV is involved in an accident immediately report it to the IRB Captain and complete an Incident Report.

EACLIFF SLSC STANDARD OPERATING PROCEDURES

Seacliff SLSC Surf Sports Policy (Youth – Masters)

1. The Policy

This Surf Sports Policy has been developed to provide guidance for club competitors, officials and Surf Sports Committee Members.

The policy applies to all financial active and competitive members of Seacliff SLSC competing in Surf Lifesaving events sanctioned by Surf Lifesaving Australia (SLSA) including the following categories:

- Youth (U14 and 15)
- Under 17
- Under 19
- Opens and
- Masters.

2. Core Values

The Core Values of Seacliff SLSC and by virtue the Competition area are laid out in the Club Constitution.

Community – Volunteering, working together, friendship

Courage – To participate, To achieve, To challenge

Lifestyle – Fun, health, fitness

Respect – Yourself, each other, the Club, the environment

These should all play out in all aspects of the club, including the competitive environment.

3. Competition

To be eligible to compete in any Seacliff SLSC competition and/or receive a trophy and/or award for competition success, Seacliff SLSC members must:

- Be financial on the day of the event
- Have paid their carnival entry fees
- Be proficient.
- Hold the appropriate, current surf lifesaving qualification for their membership category as stated in the SLSA Competition Manual.
- Comply with all requirements as stated in this policy.

To compete in any SLSSA and SLSA competition members must comply with SLSA Policy 5.4 'Proficiency and Patrol Hours Requirements for Competition Eligibility'. General and Associate members are not eligible to compete.

4. Club Subsidies

Seacliff SLSC will endeavour to support competitors who represent the club and SLSSA in all aspects of Surf Life Saving Competitions. Any support is awarded at the discretion of the Management Committee, upon application from the competitor. Competitors are also encouraged to contact the Office of Recreation and Sport as well as their Local Authority to identify and apply for any other subsidies and grants that may be available.

The value provided will be decided by the Management Committee, taking in to account:

- Meeting full patrol commitment
- Being a financial member with no debts owing to the club
- the athlete's attendance at club events and training sessions
- assistance with fundraising activities and
- results from Competitions.
- Behaviours and conduct around the club

Management reserves the right, subject to funding availability not to subsidise. As a guide when a decision is made to support the athlete the club will endeavour to award 50% of fees up to \$500. This is subject to annual review by the management committee.

5. Competition Craft and Storage

The Club have a small amount of craft/equipment available for competitors to use at training and carnivals. However, all competitors are encouraged to purchase their own. More details relating to craft allocation and storage are detailed in the SSLSC Craft Storage Policy.

6. Carnival Entries and Fees

Competitors are responsible for the payment of the entry fees for registered SLSSA youth, under 17/19, open and master's competitions (see appendix A for instructions), unless otherwise stated. Guidelines in relation to these fees area as follows:

6.1 SLSSA Carnivals, SLSSA State Championships & SLSA National Championships (excluding U8-U13)

Competitors from U14 to Masters will be responsible for the payment of competition entries for ALL carnivals unless specified by the Management Committee. State and National Surf Life Saving Championship entries may be subsidised, subject to available funding, but should not be expected.

Entry to these carnivals will be via the directed process according to the Competition Co Ordinator. Payment for competitions is to me made PRIOR to the event and non-payment may result in a competitor not being entered into the event or incurring a late payment charge.

State Championships are held for multiple disciplines (Summer Surf Series, Pool Rescue, Lifesaving including R&R, Surfboard Riding, Boats, and IRB Racing) within the following classifications:

Youth (U14 and 15)	Under 17	Under 19
Under 23 (IRB and Boats)	Opens	Masters.

6.2 Withdrawal/Failure to Compete

There is NO reimbursement for fees paid by a competitor, unless for medical exceptions where evidence may be required.

6.3 Transport of Craft to Carnivals

The club will endeavour to arrange to tow the club trailer/s to each SLSSA carnival for the transport of competition craft.

7. Selections

This section outlines the requirements for the selection of Surf Sports Teams representing the Club at Championship events and may be used for team selections during the season's carnivals.

The Objective is to ensure the selection of the most consistent and competitive team to represent Seacliff SLSC at SLSSA Senior and Masters State Championships and Youth, Open and Masters Australian Championships.

The Competition subcommittee refers to the committee comprising the Club Captain, Surf Sports Coordinator, Youth Co Ordinator, and the Captain and Coach of each individual surf sports discipline.

7.1 Youth and Senior Team Selection criteria

The competition sub committee, with the input of Discipline Coaches and Captains to assist will determine the most suitable team based on the following criteria.

- Results and performance at SLSSA carnivals with specific attention to scheduled carnivals, post-Christmas.
- Past performances at SLSA and SLSSA carnivals in the last 12 months.
- Expected conditions at the championship venue and on the day.
- Consistency, commitment, and attitude at carnivals
- Attendance, commitment, attitude, and performance at SSLSC training sessions.
- Commitment and attitude to club life.
- Current level of skill and physical fitness (where relevant) given the conditions on the day of the event.
- Current or potential injury or conditions, which may impair, inhibit, or prevent performance to the requisite level.

- The athlete's personal workload and program at the relevant event.
- Demonstrated and/or potential ability to work with fellow competitors, coaches, managers, club administrators, chaperones, and officials.
- Ability to operate in a team environment.
- The potential to successfully achieve the objectives of the team.
- Other factors considered relevant in the circumstances.

7.2 Agreement

- The relevant discipline coach will discuss the selection with the competition sub-committee and all relevant parties; a majority decision is required.
- Teams will be set and shared with athletes in the week before the carnival and for State Titles and National events as far in advance as possible.
- Once teams are set, no changes to teams will be made on the beach, unless for exceptional reasons due to illness, injury or overload.
- The Competition sub-committee will make the final decision. A reason shall not be given for any selection or decision of the CSC unless requested by the non-selected athlete/s.
- Athletes nominating for individual events at carnivals must make themselves available for team selections and are expected to compete in their appointed team.
- Removal from a selected squad and/or team shall occur if any athlete:
 - Breaches or fails to observe the policy.
 - Breaches or fails to observe any provision of the Seacliff SLSC Constitution, Code of Conduct and/or policies.
 - By reason of illness or injury is unable to perform to the required standard in the opinion of the coach and/or CSC.

7.3 Athlete expectations and behaviour

All Competitors will be expected to:

- Abide by the Clubs "Code of Conduct for Members", but furthermore follow the Athlete behavioural expectations at Carnivals as laid out in Appendix B
- Be financial members of the Club and ensure all dues are paid
- Use club equipment responsibly
- Actively participate in patrolling, following the directions of your patrol captain and use club equipment responsibly.

The Club Vice Captain – Patrols will notify the competition co Ordinator before any competition that a member has not met their minimum patrol obligation that will see an athlete ineligible to compete. The athlete may appeal any such notification to the CSC who will make the final determination.

- Compete or participate at carnivals throughout the season.
- Attend 30% of training sessions when provided by coaches of the various surf sports disciplines (or be able to show evidence of other training to the satisfaction of the Surf Sports Officer).
- When nominating for a State Team and seeking endorsement from the club, there is an expectation that Athletes will have also represented Seacliff SLSC at the relevant State Titles and Australia Titles competitions where possible.

7.4 Transfers

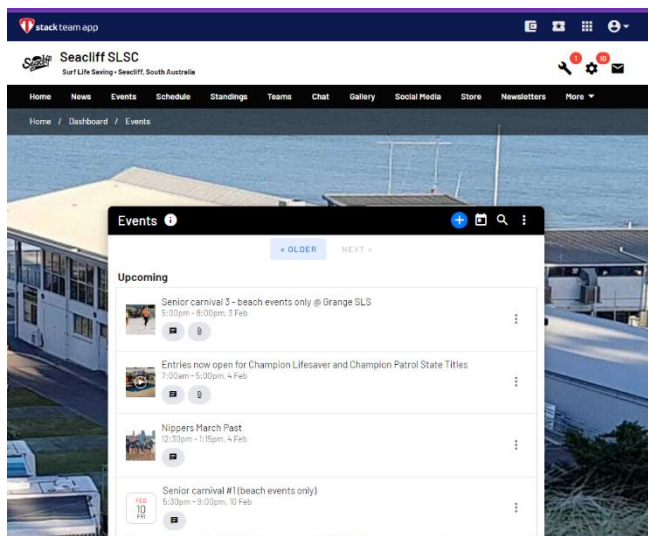

- In the event an athlete wants to transfer in or out to compete for another club, an email should be sent to the secretary in the first instance.
- Transfers In and Out are completed as a Full Transfer (not just a Competitive Rights transfer). Any exceptions will be considered by the Surf Sports Committee.
- Before submitting a Transfer Out, the member should have a conversation with the relevant coach and then email the Secretary with as much information as possible. The Transfer Out will be endorsed once approved by the relevant coach and once any outstanding fees are paid.
- If a member is transferring in to compete for us at States or Aussies, the membership fee will be decided by the Secretary, Treasurer and Competition Coordinator.

APPENDIX A: COMPETITION ENTRY AND PAYMENT PROCESS

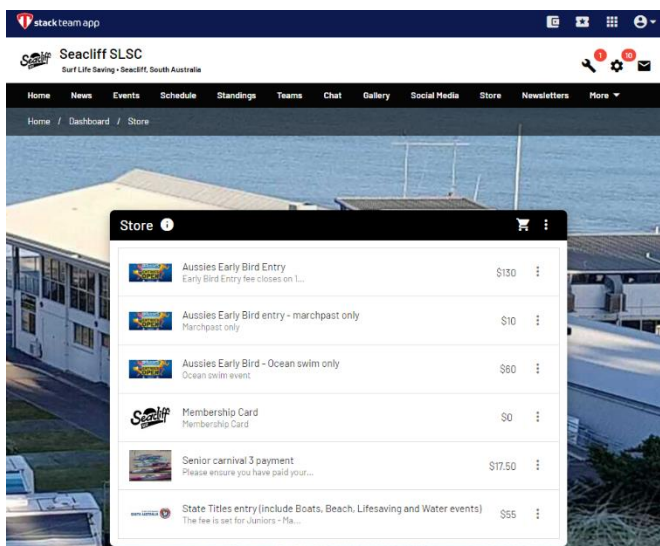

All competition fees are to be paid to the Club via the online payment system using the following below. This ensures that we have an accurate record of payments made for each competition.

All events will be advertised on both Team App under 'Events' and the 'Active Members' Facebook Page

If payment is not received by the time that competition entries are due, the CSC reserves the right not to enter the competitor until payment is received (which may result in an additional late payment fee to that competitor)

Competitors shall be invited to register to attend the carnival and make payment before entry
Payment is made via the 'Store' on Team App.

Appendix B – Athlete Code of Conduct at Carnivals

Below are some expectations around athlete behaviour and conduct at carnivals and on the beach aligned to our club values and Code of Conduct.

Athlete behavioural expectations

RESPECT

We treat ourselves, each other, our Club and the environment, with respect.

- Treat your coaches, officials, Team Managers and fellow competitors with respect.
- Please take all your belongings and rubbish off the beach when you leave.
- If any club craft gets damaged, please report this to the Club Captain so repairs can be arranged.
- Don't swear, lose your temper or be disrespectful to those around you.
- Respect the rules – marshal on time, wearing tied up Club cap and hi viz.

COMMUNITY

We strive to be inclusive, representative and supportive of one another.

- Be welcoming and supportive to newer competitors and the youth coming through.
- Recognise that as one of the larger clubs on the beach, we should lead by example.
- If you see someone struggling, regardless of their club cap, help them.
- Know your team BEFORE you go the line – the Team Managers will have this information.

TEAMWORK

We value the strength of our members as individuals but recognise that our Club is stronger as a team.

- Don't let your team mates down. If you are in a team and you don't want to compete, consider the impact this may have on those teammates who wish to take part. Allow time to find a replacement.
- Help unload craft and equipment from the trailer when you arrive on the beach.
- If your craft is no longer needed, load it back on the trailer before you leave (unless you are transporting it yourself). This includes club craft and equipment.
- Don't leave everything to be packed up by those who are last to finish on the beach.
- If you are unsure of anything...ASK!
- Have fun!

Seacliff SLSC – How we communicate

Administrator guide - Using and navigating Team App

As an administrator, it is important you are aware of some of the rules around posting. To assist in navigating team app there are several helpful video tutorials; [Feature Help Videos](#) | [Stack Team App - YouTube](#).

Who can approve new members?

Only individuals appointed by management and who have visibility of current member status are permitted to approve members in team app. This is the same as for our Facebook Active members page.

When are old members removed?

Once old members are archived (post 31 Oct), a review of team app should be undertaken, and archived members removed. This should be done by an administrator who also has visibility of a list of current members

Who has Admin privileges?

To see who is in an access group?

Via the webpage (not accessible via App); Navigate to the

dashboard

- Select "Access Groups" tile.
- Under each Access group, it will indicate # of members.
 - Select Access group and you can see who is a member and whether there are guardian and child members.

Can I create a new access group?

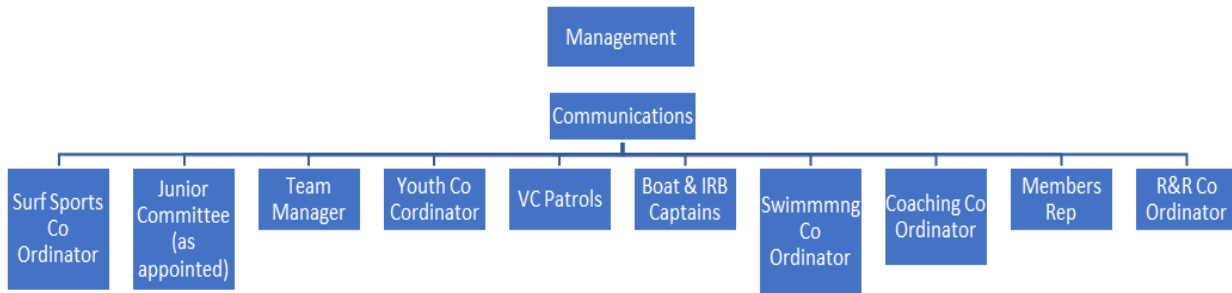

Rather than create new access groups, if a communication is required to a particular group, it is preferable for this to be created as a chat group.

Chat groups should be reviewed periodically, and old/ inactive chat groups deleted.

Chat groups

Anyone can create a chat group. For this reason, it is important moderators keep track of these and where duplicate chat groups are created, remind members that they may want to consider moving their chat to a more relevant chat group.

Team App administrators

Responsibilities of administrators

- Monitor their relevant access groups and associated chat groups.
- Respond to members with any questions.
- Post Events and news items where relevant.
- Annually review members.
- Ensure members are set up correctly (predominantly Juniors and associated parents)

FOR JUNIORS ONLY

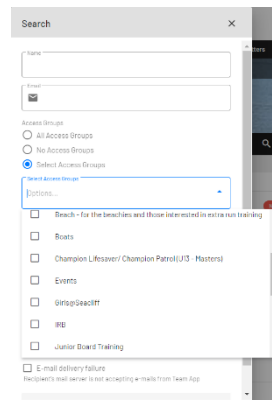

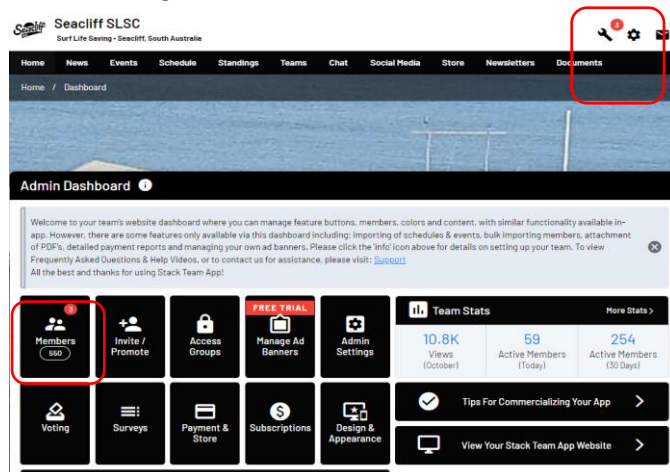

It is important that to avoid multiple notifications and to assist in monitoring attendance, that individuals are correctly assigned to Access Groups. This means that parents and children need to be set up correctly in Team App with children aligned to their guardian. Unless the parent is an active participant in an Access group, e.g., they are a swimmer and belong to the swim access group, ONLY CHILDREN should be in the relevant access groups. A parent should not be a member of the Junior Boards group, it should be the child.

Many new members are incorrectly set up and so there needs to be a manual process to correct this, completed by an administrator using the following process.

Setting Parents and Juniors up correctly in team app

[Guardian & Children Alignment - Help Video](#) | [Stack Team App - YouTube](#)

1. Navigate to Dashboard and select “Members”

- Click  on Search button
- Select Access Groups
- Select Age group
- Click search
- Scroll down through list of members.
- A parent should be identified as a guardian

Elise Appelt
e.appelt@adam.com.au

A child should be identified as 'Child'

- Where there is a  face next to the access group that indicates that the child is a member of that access group.
- Where there is no face, this indicates the parent is a member of that group.

This is not generally an issue until we start to use the registration and reporting system in team app as we would be reporting on the parent and not the child. The notifications are sent to the parent as the email account of the parent is linked to the child account. This also means the parent will receive notifications for both themselves and their child(ren) so may receive multiple notifications.

What if there is no parent/child allocation?

- Click the 3 dots and edit record
- Scroll to bottom of screen and click 'save'
- The screen will refresh, and you will see this

Arran McMillan

- Click "add child"
- Search for child
- Select check box
- Click ADD

- Continue to add subsequent children
- If child does not appear, you will need to manually add the child
- Select the PLUS symbol
- Add child's details along with relevant access groups

- Click Save
- Select children again
- Click Confirm and add

CHAIN OF COMMAND

WATER SAFETY RATIOS

NOTE: Water Safety Ratios apply to all aquatic activities, regardless of water depth

SLS ACTIVITY	ACTIVITY PARTICIPANTS WHO <u>DO NOT</u> HOLD A SRC OR ABOVE	ACTIVITY PARTICIPANTS WHO <u>DO</u> HOLD A SRC OR ABOVE
Junior Activities (Nippers)	1:3 (NWSC:Participants) Regardless of risk rating	Buddy Procedure
	1:5 (WSP:Participants)	
	1:10 (WSP:Participants) Low-risk conditions determined by risk assessment	
Member Training (Lifesaving and Sport)	1:5 (WSP:Participants)	Buddy Procedure
	1:10 (WSP:Participants) Low-risk conditions determined by risk assessment	

Unqualified parents/carers in the water count towards participant numbers

EQUIPMENT	OPERATOR	COUNT TOWARDS WATER SAFETY RATIO
Rescue Board	1 Paddler	1
Rescue Tube	1 Swimmer	1
IRB	1 Driver and 1 Crew	2

75% of WSP must be in the water and using SLSA approved rescue equipment

EQUIPMENT

Rescue equipment used for the purposes of water safety must be SLSA approved and can include:

- Rescue Tube
- Surf Rescue Board
- Lifesaving rescue equipment listed in the *SLSA approved lifesaving gear and equipment manual*
- SLSA approved competition boards (if the above is unavailable)

During the activity, rescue equipment must be on the water and in close proximity to the participants.

HIGH-VISIBILITY VESTS

For junior activities and member training, participants must be clearly identified with a standardised high-visibility lycra vest or shirt for easy identification above the water surface.

Seacliff SLSC endorses Fluorescent Pink and Fluorescent Yellow high-visibility vests

There are five high-visibility fluorescent colours that SLSA allows:

- Fluorescent Pink
- Fluorescent Green
- Fluorescent Red
- Fluorescent Yellow
- Fluorescent Orange

RISK ASSESSMENTS

For all aquatic activities, a pre-activity risk assessment should be conducted by the responsible person, e.g., Patrol Captain, Junior Watercover Captain, Coach. If 'low risk' conditions are determined after completing a risk assessment, then a 1:10 watercover ratio can be implemented.

Use the 'Risk Rating' function via the *SLSA Operations App*.

(Also available in paper form only if the *SLSA Operations App* cannot be used)

UNIFORM

- A high-visibility (fluorescent) orange rash shirt branded with 'WATER SAFETY'

Or Surf Rescue uniform

- SLS red and yellow quartered patrol skull cap
- SLS 'SURF RESCUE' shirt or rash shirt
- Where appropriate, SLS 'SURF RESCUE' wetsuits

NIPPER WATER SAFETY CERTIFICATE

Must hold a proficient Nipper Water Safety Certificate

Water Safety

- Can provide Water Safety to Under 10 age group and younger
- Water Safety Ratio is 1:3 (NWSC: Participants)
- NWSC cannot be more than 50% of total Water Safety Personnel for an aquatic activity

Equipment

- NWSC can only use a Surf Rescue Tube for Water Safety

Uniform

- A high-visibility (fluorescent) green skull cap
- A high-visibility (fluorescent) green rash shirt (or the like) branded with 'NIPPER WATER SAFETY'

INCLEMENT WEATHER

In the case of inclement weather conditions, the Junior Watercover Captain shall decide whether to continue or cancel junior water activities. Any directions given by the Patrol Captain, State Operation Centre (SOC) or the SLSSA Duty Officer regarding unsafe conditions must be followed.

In the event of lightning the 30 –30 rule must be followed for all water and beach activities.

Count the time between seeing a lightning strike and hearing the associated thunder. If the time delay is 30 seconds or less the water and beach is to be cleared immediately and participants should seek shelter in a building. Junior activities can continue once 30 minutes has passed since the last sight of lightning.

SEACLIFF SLSC STANDARD OPERATING PROCEDURES

Seacliff SLSC – Craft Storage Policy

Purpose: To give clear guidelines for all the members in regards to the storage of craft within the Surf Club.

Application: U14 – Masters. Persons must request a rack allocation to the Club Captain either in person or email or via email to the Management Committee. The application for a rack can occur at any time. Annually the racks will be reviewed to make necessary changes.

Policy:

Craft racks will be allocated in order of priority (listed below) to those Active, Financial and Proficient Members who attend multiple training sessions each week. Participants will be allocated a rack on the provision that all patrol obligations have been met, all fees have been paid, no disciplinary issues, and at the discretion of the Management Committee. The allocated position of your craft's rack will be final and done so for both ease of access (taller people higher up), and to negate any accidental damage to craft when attempting to remove your craft from this area. Under no circumstances are participants to swap or use another participant's designated rack. Payment for the rack must be made before the end of October, craft not paid for will be removed. If you wish not to incur the storage fee, craft must be removed before the end of September (any craft on the racks in October will incur the storage fee).

Storage:

1x Mal Board (U14-Masters Members)

1x Ski (U17 – Masters Members)

The member will have their name placed on the Craft White Board and this will be the allocation for the season. Only SLSA approved craft to be stored. No covers for either boards or skis are to be stored at the club. No personal Nipper Boards are to be stored at the club.

Priority:

- | | |
|--------------------------|---|
| 1 st Priority | Club Craft – rescue board, competition and general use board/ski |
| 2 nd Priority | Member attending 3 board/ski training sessions per week and competing for the club. |
| 3 rd Priority | Member training and competing for the club. |
| 4 th Priority | Member not competing for the club (if space available) |

Storage fee:

The storage fee will be set by the Management Committee. This will be reviewed annually, any changes to be published with the Membership fees. For existing members with an allocation, the fee will be due by the start of October in line with Membership fees unless other arrangements are sought in writing. Fees not paid will result in the removal of craft from the corresponding rack/s in the third week of October. Management can use their discretion to waiver the fee for members. Fees can be looked at if requests are sort later in the season (early in the new year).

Responsibility:

Seacliff SLSC takes no responsibility for any loss or damage to Privately owned craft stored at the SLSC.

Members storing craft at the club are responsible for ensuring their equipment is stored correctly. The Club remains directly responsible for storage allocation.

The Club has the power to direct any Member(s) who do not comply with the Policy to remove their craft from the Club storage racks.

Craft sitting dormant for a season will be asked to remove the craft from the club.

Club Craft:

Members may use club craft that is allocated for general use. Care must be taken with these craft and checked pre and post training/use. Any damage must be reported once seen. DO NOT USE damaged craft. Club craft is not to be taken from the club unless permission has been sought from the Club Captain/Coach. Competition craft cannot be used unless the coach/es have given permission. To gain permission the person must attend a minimum of two training session per week and more importantly demonstrate commitment to the club, training program and competitions.
